# U. S. Improves A-Bombs, Finds Uranium

By FRANK CAREY

WASHINGTON —(AP)— The atomic energy commission announced today its new and more effective atomic bombs—proof-tested at Eniwetok—are being produced "on an industrial basis."

It also said uranium and plutonium for bombs and other atomic energy uses are being produced "in greater quantities than ever before."

Relating "advances in all phases of the national atomic energy program," the AEC in its sixth semi-annual report to Congress also listed progress on the medical front, including indications that relatively inexpensive radioactive cobalt may eventually prove to be a better cancer treatment than radium.

At the same time the AEC disclosed it had found ace-in-the-hole resources of uranium in this country that could be used at some future time for military applications—in case the uranium we now get at home and abroad should cease to be available.

This country now gets most of its uranium from the Belgian Congo and Canada which have ores of a high uranium content. Some of the precious stuff also comes from low-grade carnotite ore of the Colorado plateau—an ore relatively low in uranium content.

The commission told today of extensive exploration and prospecting by the AEC and the U. S. geological survey all over the country.

This involved "comprehensive examination of virtually every rock formation in this country, and of mine and smelter products, gas and oil wells, and other places where uranium might occur," the AEC said, adding:

"By mid-year this work had revealed enormous tonnages of very lowgrade materials (that is, materials low in uranium content).

They cost more to process but they could be utilized in the future to sustain an atomic energy program for military purposes, should lower-cost uranium cease to be available."

The 202-page report made no reference to current discussions concerning American-British-Canadian relations in the atomic energy field.

Referring to current production of atomic weapons, the report said:

"New and more effective weapons which were tested at Eniwetok in 1948 are in production. Under the commission's direction, components of these weapons are being produced on an industrial basis by competent manufacturing concerns of special government facilities throughout the country."

It also said operations in the field of military application of atomic energy "have continued to accelerate during the last six months," adding:

"An important development during this period has been the obtaining of a suitable contractor to take over management of the Sandia laboratory near Albuquerque, New Mexico."

# *Intestinal Malady Takes 4th Victim*

## Officers Probe Death

### Country Club Infant Stricken

Mansfield health authorities today began an investigation into the death of a 22-day-old Hanna road baby, believed to be the fourth child to die from a gastro-intestinal outbreak in the suburban area northwest of the city.

**The child, Lavon Grey Helmick, son of Mr. and Mrs. Martin Helmick, Hanna road, died Sunday afternoon at General hospital. The child was admitted at the hospital for observation on July 26.**

Sheriff's deputies rushed the parents to the hospital Saturday night when the child's condition became critical.

Dr. Harry Wain, city-county health commissioner, said the child died of gastro-intestinal infection but that a full investigation of the baby's home conditions would be made to determine if the cause of death could be attributed directly to a recent outbreak in Country Club Allotment No. 3. Dr. Wain added that the child was born prematurely.

The Helmick child was born in Mansfield on July 9. Besides the parents, he is survived by two brothers, Gary N. and Michael H.; also one sister, Naspa L., all at home; his grandparents, Mr. and Mrs. Arthur Helmick of Caress, W. Va., and Mr. and Mrs. Hoy Furby of Sutton, W. Va.

The body was removed to the Wappner funeral home and will be taken to Caress, W. Va., for services and burial, Wednesday.

Late last week, Dr. Wain warned that, although the outbreak which took the lives of three children in the Country Club Allotment early in July, had been brought under control, recurrences of the epidemic could be expected at any time. The third victim, an 11-months-old boy, died on July 22.

**On recommendations of state health officials, who visited here as a result of the outbreak, the allotment was sprayed with DDT insecticide and some of the wells, used for water supply in the area, were sealed.**

During the outbreak, Dr. Wain estimated that at least 50 per cent of the allotment's 468 residents were taken ill with some kind of intestinal disorder.

Last week, Dr. Wain called for extension of the city's water and sewer facilities to the fringe areas of Mansfield.

## August In Cool Debut

August made a cool debut in Mansfield today, giving rise to hopes that the worst of the summer heat waves are behind.

Forecaster Milton Davis pointed out that August averages about two degrees cooler per day on the average than July.

Most points in Ohio had temperatures in the high 70's yesterday with the mercury dropping to the 50's during the night, which was the coolest since June 10. Cleveland's high of 78 and low of 55 was exactly normal for the day, Davis added.

Mansfield's high Sunday was 74 at 3 p. m. The low was 55 at 5:30 a. m. Warmer weather is forecast for tonight with showers Tuesday.

## 50 Tappan Employes Called Back

### Company Steps Up Production Rate

The second increase in employment and production at the Tappan Stove company in less than two months was announced today by W. R. Tappan, vice president.

**The new increase will boost production another 10 per cent and will mean additional employment to 50 persons, Tappan said.**

On June 8, Tappan increased production 25 per cent to meet the increase in orders and re-employed 100 persons who had been furloughed.

The company had furloughed 200 persons. With today's announcement of re-hiring, all but 50 of them have been called back. The plant now is employing approximately 700.

"With production resumed following the annual two-week vacation, we have sufficient orders on hand to take our entire production through August," Tappan said.

**"At the present time our finished inventory has reached bottom of the barrel and all orders are being shipped direct from the assembly lines. Also, a recent survey indicates that an increase in consumer sales has nearly exhausted dealers' inventories.**

"The additional rate of production will help us fill the increase in orders from dealers that accumulated during the two-week vacation and orders that are currently being received."

Tappan added that the special summer promotional model now on dealers' floors has added tremendously to the trend for greater production and plans are under way for a continued stepped-up sales promotion program.

## *'New' Car Brings Woe To Driver*

Easter Williamson, 23, of 211 East Fourth street, hardly had a chance to drive the used car he bought from Mud Gardner's garage before he was arrested by the state highway patrol for operating an unsafe vehicle.

Williamson was involved in a minor accident on Bowman street road Saturday just a few hours after he bought the car from Gardner's garage where he works as a porter.

State patrolmen tested the car and found it had a defective steering apparatus. Williamson was arrested for driving an unsafe vehicle and operating the vehicle on a temporary permit unaccompanied by a licensed driver.

The "bum steer" cost Williamson $10 and costs in Municipal Judge H. H. Schettler's court today on the two charges.

FISH DIDN'T HAVE A CHANCE—The fish didn't have a chance for survival as more than 400 children lined the banks of a tiny creek at Independence, Ia., during a fishing contest sponsored by the county wildlife association. The stream was stocked from a federal fish hatchery and winners received gold wristwatches. There were not reports of "hooking" accidents. (AP Wirephoto).

## Bus Rammed By Trolley

### 12 Injured in Cincy Crash

CINCINNATI — (AP) — Twelve or more persons were injured today when a trolley bus and a gasoline-engined passenger bus collided at the intersection of Eighth street and Broadway.

Some of the injured people were taken to General hospital.

**The trolley bus was southbound on Broadway. It struck the other carrier almost in the center, swerved against the street curb, and knocked down a light pole.**

At the hospital, it was said none of the injured men and women appeared to be in serious condition.

Both vehicle operators claimed to have entered the intersection when the green light signal flashed, Kenneth Riddlebarger, highway patrolman, said he was told.

Window glass was broken in each vehicle and some of the passengers said they were showered with glass.

The trolley bus had about 35 passengers, according to Kenneth Beeler, its operator. Charles Banta, operator of the other bus, did not estimate the number of people aboard that vehicle.

The front of the trolley bus was crushed, and the left side and front of the motor coach were caved in.

COLUMBUS — (AP) — Gov. Frank J. Lausche today appointed Samuel O. Linzell of Columbus as state director of public works for a one-year term. He succeeds George B. Sowers.

### State Total For Period Under Last Year

## City Reports First Polio Case of Year

Mansfield's first polio case this year was reported today by Dr. Harry Wain, city county health commissioner, as the state total mounted to 173. Some counties reported a record number of cases. Twenty-one new cases were reported today.

Twenty-six-year-old Mrs. Leta McKinley, 195 West Fourth street, is the first polio victim in Mansfield this year. She was sent to Cleveland last week for a diagnosis. A report of her illness has just been received by the health office here.

The 1949 Ohio total is just behind last year's for a simular period. The 1948 total by Aug. 1, was 177.

**Seven of the new cases reported today were in Darke county in western Ohio, which climbed to second place among Ohio's 88 counties with 20. Cuyahoga county has 27 and Hamilton county is third with 19 cases.**

Other new cases reported are: Cuyahoga 2, Miami 2, Hamilton 4, and one each in Ross, Putnam, Auglaize, Marion, Belmont and Butler counties.

The Bureau of Vital Statistics recorded seven polio deaths up to May 1

It previously had been reported by the health department that Eleanor Witzky, Lexington, had contracted the disease. Further diagnosis disclosed, however, that her illness was not polio, Dr. Wain said.

### CLAIMS PROFIT DROPS

TOLEDO — (AP) — Electric Auto-Lite Co.'s net profit the first half of 1949 was more than $1,000,000 under the figure for the same period last year despite an increase of better than $12,000,000 in sales, President Royce G. Martin said.

## Kick Man To Death

CHARLESTON, W. Va. — (AP) — A man was kicked to death yesterday by two men who brandished a knife to keep a downtown crowd from coming to his aid.

Police called it one of the city's most brutal crimes. They said there was no apparent motive for the attack.

The victim was Edward Conrad O'Brien, a bottling company employe. He died on the way to a hospital. Detective Capt. Dewey E. Williams identified the two men being held in connection with the attack as Harry Burdette, 25, and Fred Painter, 30.

Police said O'Brien was attacked after he had stopped at a news-stand to buy a paper.

British and American planes flew their last scheduled 8,000-ton day yesterday. The new schedule calls for a daily August average of only 3,700 tons.

## State Rules Out Child Home Site

### Fire Marshal Calls Buildings Unsafe

Two homes, selected by the Volunteers of America as possible juvenile detention home sites, have been ruled out by the state fire marshal's office, Lt. Maj. R. L. Gutterman of the Volunteers said today.

**Gutterman said he was informed of the ruling by Fire Chief L. J. Steele. The sites were inspected by officials of the state office when they were here to go over the Weldon building, damaged by fire last Monday morning.**

Gutterman said the ruling puts the question of a detention home "right back where we started."

The two sites—one on West Third street and the other on East Second street—were ruled out because they were two-story houses and were wooden structures, Gutterman said.

The fire marshal office requires that the building be constructed of material other than wood, and preferably that it be of brick construction. The fire marshal also requires that a detention home be a one-floor building.

**The Volunteers have offered to supervise a detention home for the county. The county has been without a home since Jan. 1, resulting in the holding of juveniles in the county and city jails, in violation of state law.**

Commissioners said the county does not have money for a detention home.

Meanwhile, Attorney George W. Biddle, chairman of the Richland County Bar association's building committee, said he had called a meeting for 4 p. m. to go into the detention home problem again.

Biddle said his committee intends to draw up recommendations and prepare a complete, written report on the matter.

## Berlin Chief Will Quit

BERLIN — (UP) — Brig. Gen. Frank L. Howley, American commander in Berlin, confirmed today that he has asked the army department to release him.

If his request is approved, Howley indicated he would return to the United States Sept 4 to resume his business career. He is a former Philadelphia advertising executive.

Reliable sources here believed Maj. Gen. Maxwell Taylor, European command chief of staff, might succeed Howley as director of the office of military government, Berlin sector.

CURTIS L. FORD

## Senate Makes It Official

### Held Acting Post Since '45

The United States Senate today confirmed President Truman's appointment of Curtis L. Ford as Mansfield postmaster.

The Senate action gives Ford the post he has held as acting postmaster for nearly four years.

The appointment is expected to be effective as soon as Ford's postmaster's bond is approved by the first assistant postmaster general.

Ford was made acting postmaster in November, 1945, following the resignation of the late Frank Cave.

**President Truman nominated Ford last April 29 and sent his nomination to the senate. The postmaster's job pays $6,150 a year.**

In July a year ago, Ford was informed by the Civil Service commission that he had placed first in the examination for the post. The examination, carried out by field examiners, consisted of rating applications on the basis of their education, business or professional experience, general qualifications and suitability.

Other applicants for the position were John C. Schneider and Clifford O. Lister, clerks at the post office; Attorney George H. Blecker, who heads the rent control office; and George J. Mickan, a Westinghouse employe.

Eligibility for a permanent appointment requires that an applicant be a U. S. citizen, a city resident for at least a year, and between 30 and 62 years of age.

**HERE 30 YEARS**

Ford has lived here since 1919, coming to Mansfield from Kenton. He is a graduate of Senior High school and Miami university.

Before taking over as acting postmaster, Ford was chief deputy in the county recorder's office here.

**During the time that Ford has been acting postmaster, handling of mail has been stepped up with the completion of a larger leading dock and remodeling of post office facilities. Six foot-carrier routes, a parcel post route and a mounted carrier route have been added.**

In recent months, four new postal trucks have been added for handling the increased volume of mail. The postoffice now has five substations, the latest addition being at Sternbaum's market, 865 Lexington avenue.

## *Greeks Winning*

WASHINGTON — (AP) — President Truman told Congress today that the Greek government, with American help, is making "solid progress" toward winning its civil war with the communists.

**He attributed this to improved Greed leadership, accumulating U. S. military supplies, months of trainig of Greek soldiers, and "determination, decisiveness and aggressiveness" in the orders of the Greek high command.**

Despite the reported progress militarily and in the Greek economy, the President declared that guerilla forces are still strong. He said they are still receiving help from Albania and Bulgaria and that the Greek government remains "entirely dependent" on the United States for weapons to prosecute the war.

**The chief executive in a report to Congress covering the first quarter of this year said that on March 31 the strength of the guerrilla forces was estimated at 19,830 as compared with 26,000 a year earlier.**

He estimated Greek guerrilla losses for the total period of the civil war from June, 1946 to March, 1949, at 70,028, killed, surrendered or captured and exclusive of wounded. There were no reports on the wounded.

In the same space of time the Greek army was shown to have suffered losses of 37,934 killed, wounded or missing.

## *Ohio Pilot Dry-Grounded*

CHILLICOTHE — (AP) — Anscile Ray White, 30 must keep his feet on the ground and stop drinking intoxicants for one year —or go to jail.

That's what Municipal Judge E. A. Moats told White when he fined him $150 and suspended a six-month jail sentence for flying an airlane while intoxicated.

White pleaded guilty to the charge for the second time. Last year he was grounded for 60 days for a similar offense.

## Takes Loss On Wheat

WASHINGTON — (UP) — The United States begins taking a "loss" today on about one out of every three bushels of wheat shipped out of the country.

**Starting today, the United States was committed under the international wheat agreement to export up to 168,000,000 bushels of wheat to specified countries for the next four years at a fixed ceiling price.**

The wheat pact also sets a floor price at which the importing countries are committed to accept the wheat. The object is to stabilize world wheat trade—to protect exporting nations from price wars in times of surpluses and to protect wheat importing nations from unreasonably high prices in times of shortages.

The United States will lose money on the deal, at least at the start. On wheat going to Europe under the pact, the ceiling price is equivalent to roughly about $1.70 a bushel, Kansas City basis. That is far below the current market price.

## Marshall For Arms Program

WASHINGTON — (UP) — Soldier-statesman George C. Marshall said today President Truman's $1,450,000,000 arms aid program to help prevent Russian aggression is "urgently necessary."

Marshal, former secretary of state and wartime army chief of staff, told the house foreign affairs committee that he considered the program a necessary step in the development of this nation's foreign policy.

Speaking in a soft voice and without any prepared statement or notes, Marshall sought to persuade a skeptical committee, as well as a skeptical Congress, that the full program as conceived by the state department and the military establishment is needed.

### *New Wave of Burglaries Breaks Out In City*

## Thieves Loot Cars, Get Property Valued At $2,813

A wave of car lootings that has netted thieves $2,813 worth of property in Mansfield in the past two months broke out again over the week end.

Police said clothing was stolen Sunday from three cars parked on South Mulberry street near St. Peter's Catholic church where a number of other autos have been burglarized.

Officers said two of the cars were entered by prying open the right ventilator window. The other car was left unlocked. Thefts ranged from $33 to $300 and totaled $568.

Police records show $2,813 50 worth of clothing and personal effects have been stolen from parked autos since June 1. Nine of the thefts have occurred after either the right or left ventilator windows or rear windows have been broken out or when the cars were unlocked.

Police said many of the thefts were from out - of - state cars whose owners stopped overnight in the city.

Rufus Mills, 63 Lexington avenue, reported at 5:45 a. m. Sunday that two suitcases, women's clothing and wedding pictures valued at $300 were taken from his unlocked car near St Peter's church

At 7.15 a. m. Mike Druash of Uniontown, Pa. reported a suitcase and its contents valued at $33, had been taken from his car while he was in St. Peter's church from 6:30 a. m. to 7:15 a. m. Druash's car was entered by breaking out the right ventilator window.

Robert Kennedy of Washington, D. C. reported that a suit case and contents, a woman's purse and $10 in cash, with a total value of $235, were stolen from his car on South Mulberry street. Kennedy's car was entered through the right ventilator window.

While on routine patrol on North Diamond street early Sunday, police found a ventilator window on a car pried open with a screwdriver. Police said they left a note to the owner to report if anything was missing from the car. No report had been made at noon.

Another theft from a car was reported to police yesterday by William Dintaman jr., 121 Snyder street. Dintaman said a tire and wheel were stolen from the trunk of his car during the past two days. He valued the property at $20.

### *Takes Stand In Favor of Week For Everyone To Act Naturally*

NEW YORK—The week I am most in favor of having is a be-yourself-week.

During this period everybody would take a holiday from self-improvement in any form. He would just relax and let himself alone. He would be what he is and nothing more—and I think he'd enjoy it. It would be restful.

One of the curses of our time is that practically nobody is satisfied with himself as he is. He wants to change himself in some way he hopes is for the better.

But is it for the better? Most of the self-improvement programs I've seen haven't made much difference. You can't change a cabbage into a cauliflower by just putting it in a cellophane wrapper.

**But that doesn't keep people from frittering their content away in endless and aimless efforts to be something besides what they are. Self-improvement is one of the biggest American industries. Billions are spent on it.**

Are you overweight? Try our 99-day diet. Are you too thin? Try our 101-day diet. It's the same thing.

Are you lonely and misunderstood? Take our 35-year course in how to be charming. Then you'll be popular — and misunderstood. Do you want to get ahead in business? Here's a book that tells you how. The more you buy the more the author who write it gets ahead in his business.

The worst thing about people enraptured with self-improvement campaigns is — they want you to improve yourself, too. They develop a kind of cultural snobbery similar to that of a reformed drunk.

This great crusade for personal culture breeds intolerance and breaks up lifelong friendships. If a pal gets hipped on symphony music, you've got to drop Stephen Foster and dogtrot back to Bach with him or he regards you as a moron on the downbeat. Why? If he joins the book-of-the-minute club you must, too, or else he thinks you still secretly read "Elsie Dinsmore" at night when the rest of the family is asleep.

### *Vaudeville Staging Come-Back, He Waits For 'Dumb Act' Revival*

NOW THAT VAUDEVILLE is back in many major cities and will expand next season, I look eagerly forward to the recrudescence of the "dumb act."

To me, long a professional observer of variety bills, most headliners did not typify the trade. They were transferable to other branches of the atricals. But the core of true vaudeville was composed of the acrobats, club-swingers, trapeze and trampoline artists, wire-walkers, risleyists, tumblers and muscular posers.

This was a strange, sui generis tribe. Year after year, dreaming of a spot in a top-grade revue (a half-dozen did make it), then going back again, opening and closing shows, leaping from stand to stand, always working to stragglers petering in and train-catchers hurrying up the aisles, their backs turned.

One brother act I know of complained to their agent that they were getting nowhere—no rise in money or position after doing their specialty for seven years. The ten-percenter suggested that perhaps they'd better try a new routine.

"For what?" demanded the top-mounter. "No one has seen this one!"

Scouts ignored them. Reviewers dismissed them. Audiences passed them up.

**I once wrote a fiction tale, titled "Dumb Devotion," about the private lives of the silent troupers and their women, who dress up in silk knee-breeches, toss them the handerkerchief and bow.**

The self-designated dictator of vaudeville, E. F. Albee, a sort of Judge Landis of the industry, called me to task.

"Those people have enough burdens without you turning your sarcastic comments loose on them," he said. "And I do not approve your designation, 'dumb act.'"

The Keith-Albee empire was opening a new house in Dayton, Ohio. It was a big event.

Albee was there. So was John J. Murdock, his general manager and partner. Martin Beck, who headed the Orpheum chain, which could add forty weeks to a route, came on. Eddie Darling, United Booking Office chief talent-buyer, whose nod meant the difference between prosperity and long layoffs, sat in.

The mayor of Dayton opened the ceremonies with a speech, then up went the curtain.

Instead of the usual type of opener, the first act was a sister team, billed in the "deuce-spot," No. 2 on the program.

**This was against all the recognized rules. I didn't understand the switch. The order hadn't been kicked around. Only seven of the eight scheduled turns had appeared.**

We were catching a midnight train for New York. I asked John Murdock what had become of Burling and Burling, a man-and-wife standard team, boomerang-throwers, listed to start off the show.

Murdock reached into the pocket of his tux jacket and brought forth a telegram. It was from the Burlings, dated Louisville, and it read:

"Came here from Indianapolis, by mistake. Can't make Dayton until matinee tomorrow."

I thought of the ambition in the soul of every opening-closing performer, to be seen by the mighty, where some mogul might open his bored eyes, sit up, watch, blink, turn to his secretary and say:

"This is too good a number to start and shut shows. Send a memo. I want it placed in the middle of the bills wherever it plays.'

**I looked again at that pathetic telegram, reporting the tragic error of frustrated troupers who had dreamed of such an opportunity, and then had taken off for the wrong destination when the big chance, at last, had called them.**

Mr. Albee sat in his drawing-room, the door open.

I barged in.

I handed him the wire. He put on his spectacles and read it.

"That, E. F.," I observed, "is the dumbest act ever achieved by a dumb act!"

## 400 Attend Vesper Rites In City Park

### Pastor Emphasizes Service to Others

More than 400 Mansfielders, including those who sat in their parked cars, heard the weekly vesper service at South park last night. Rev. Arthur F. Lindbeck, pastor of the Mayflower Congregational church, spoke on the theme, "Life is What we make it."

Rev. Lindbeck declared that "life can be made big and beautiful or small and monotonous."

**"We can make life greater than our environment," Rev. Lindbeck asserted. "It is not where we live but how we live that counts. Our lives are often too small in plan and too cramped in outlook. With God's help we can expand life and make it nobler, greater and larger.**

"Life," he continued "is what we make it. It's a personal matter. We must feel our personal responsibility. Life consists not in the abundance of things we possess. Beauty is not found in luxury but in simplicity and in the higher qualities such as love, devotion and service. There must be pride in our work and not greed for gold. Love shows itself in practical good not in theoretical beliefs."

Rev. Lindbeck cited the greatness of men like Abraham Lincoln and Dr. Albert Schweitzer, the greatest missionary of our time.

**Dr. Schweitzer, Rev. Lindbeck said, is the only man to earn doctor's degrees in philosophy, theology, medicine and music, yet he has concentrated his life's work in ministering to natives of Africa. He has chosen to serve the human beings who need him, Rev. Lindbeck said.**

Miss Ruth Lindbeck played "Moonlight Sonata," by Beethoven, on the violin and the church choir sang, "The Ninety and Nine," by Charles Lane, with Miss Lindbeck directing. Miss Martha Shiplet played the small electric organ.

Next Sunday night, Rev. Charles W. Stoneburner will speak at 7 p. m. in the park.

**REMOVES OWN APPENDIX**—Dr. George C. Balderston is shown in this unusual photo taking out his own appendix, at Telluride, Colo. The picture, copyrighted by the Denver Post, was made from a color transparency taken by a nurse, Mrs. Gladys Wood. Shortly afterward for the first time in her career, Mrs. Wood became ill and had to leave the room. Dr. Balderston was aided by a friend, Dr. Richard Gladman, who injected the local anaesthetic and did the sponging. (AP Wirephoto).

## 4-H Judging Under Way

Judging of 4-H projects in preparation for the Richland county Junior Fair got underway today. County Agent C. N. McGrew and Stanley Correll, temporary agent in training, began a tour of county 4-H boys clubs today to inspect projects.

Miss Mabel Spray home demonstration agent, will start grading of girls' 4-H projects Wednesday.

McGrew reported that last week's camp period for Richland county 4-H members went off in "excellent" fashion. About 100 boys and girls and their councillors attended camp.

## *More Buyers Than Homes for Sale*

There are still more buyers than there are houses for sale in the city, a Mansfield real estate broker said today. Then he added:

"But the price has got to be right

"Properties aren't selling at last year's prices. A house that would have sold at $11,500 or $12,000 two years ago brings $10,000 today. People are more discriminating. They want homes now—not just the shelter they were after three years ago."

Sales of older residences—classed in the 25-year or older bracket—were reported to have fallen off 20 per cent.

Principal brake on their business at present, a number of local real estate men said, is that financial institutions are lending too cautiously.

**To this, bank officers replied that by government regulation they can lend only 60 per cent of the appraised value of a property. The buyer must have 40 per cent of the total price for a down payment, plus his five per cent fee to the real estate broker. Loan companies may lend up to 70 per cent of the appraised value.**

The lending institutions said that they must also have a reasonable assurance that the borrower will be in a position to pay the balance, plus interest, within the prescribed time.

As one banker put it, "Too many people who could afford $5,000 and $6,000 homes want $10,000 and $12,000 properties.

However, despite this disagreement between brokers and bankers there is a general feeling that real estate business is picking up.

Several persons interviewed said they saw a definitely brighter outlook for business in general and that the local "recession" had not been nearly so bad as was expected early in the summer.

## Kentuckian Dies On Visit

Jack B. Salyers, 78, died at General hospital Sunday noon after an illness of several weeks.

Mr. Salyers, a resident of Louisa, Ky., was visiting his children here when he became ill. He was born in Johnson county, Ky., on May 12, 1871.

Surviving are five sons, Hobart, Sherman, John, Albert and Richard; two daughters, Mrs. John Fife and Mrs. Michael Ziway, all of Mansfield.

The body will be taken to Louisa for services and burial on Wednesday. Arrangements are in charge of the Jones Memorial.

## Mrs. Cora Dillon Dies In Columbus

Mrs. Cora Dillon, 76, former Mansfield resident and a visitor here last month, died Saturday morning in the Columbus home of a daughter, Mrs. A. C. Hetrick, after a brief illness. Her husband, Dr. J. W. Dillon, died in Warsaw, O., 20 years ago.

Included among her survivors is a son in Mansfield, I. C. Dillon of 274 West Fourth street. Services will be at 2:30 p. m. Tuesday from the Urey funeral home in Warsaw with burial in nearby Valley Vale cemetery.

## Use Landing Mats To Cover Quicksand

ELYRIA — (AP) — War surplus landing mats are plugging a 400-foot stretch of quicksand on Route 18 near Wellington, south of here.

If the mats, which were used on the marshy beaches of Pacific Island, hold up over the soft spot, a hard surface top will be poured over them, engineers said.

## Death Takes Mrs. Henry

Mrs. Bertha Frank Henry, 81, widow of U. S. Henry, died Sunday morning at the People's hospital after a brief illness.

**Mrs. Henry was the mother of Wilbur F. Henry, former Mansfield athlete and now director of athletics at Washington and Jefferson college Washington, Pa. She was born in Germany Dec. 24, 1967, coming to Mansfield when a child. She was a member of the First Lutheran church.**

Surviving, besides the son, are one brother, Harmon Frank of Mansfield; two sisters, Mrs. Freda Peterson of Mansfield, R. D. and Mrs. Caroline Thompson of Mansfield.

Services will be held at 3 p. m. Tuesday at the Wappner funeral home, in charge of Rev. Olan W. Aughbaugh, associate pastor of the First Lutheran church. Burial will be in the Mansfield cemetery.

## Rites Set For Mrs. Edna Gibson

Funeral services for Mrs. Edna Gibson, 45, wife of Silas J. Gibson, 171 Orange street, who died late Saturday night at a Columbus hospital, will be held at 2 p. m. Tuesday at the Geiger funeral home. Rev. J. Frank Stewart, pastor of the Central Methodist church, will officiate and burial will be in the Mansfield cemetery.

Mrs. Gibson was born in Tipton county, Tennessee, Aug. 25, 1903 and had lived in Mansfield for the past six years. Her husband is the only survivor.

**CUPID SLIPS —**

The number of marriage licenses issued in Richland county during July took a dip when just 57 were issued, compared with 79 for June. And even July of last year made a better showing than either of these two months. At that time, 84 licenses were issued in Richland county probate court. The number of divorce petitions filed in common pleas court also dropped. During July, 31 petitions were filed in contrast to 41 during June.

**HEAR QUARTETS —**

Ten members of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc., led by President Richard Starrett, took in an outdoor barber shop parade of quartets show last night at Berea. Ralph Hughes, chapter secretary, said the show went off in "perfect" fashion. Twelve quartets participated and the show started off with a band concert for the first hour. About 5,000 persons attended the show in the Berea park.

★

**FLOWERS CHEER HER—**

Cards and flowers from Mansfield friends are cheering Mrs. Viola Davis, wife of David Davis, and former residents of 224 Clairmont avenue, who now live in Canton. On July 14, Mrs. Davis' right leg was amputated at a Canton hospital as a result of illness. Her condition, according to relatives, is much improved. Mr. and Mrs. Davis are the parents of nine children, all of whom reside here.

## "Toots," His Cash Disappeared, Man Says

Paul Knappenberger of Bucyrus reported to police yesterday that a woman, known to him only as "Toots," his watch and some cash, disappeared from the Southern hotel early Sunday.

Knappenberger said he met the woman in Bucyrus and later came to Mansfield. He valued the watch at $70 and said $15 in cash was missing.

Meanwhile, a 26-year-old Bucyrus woman was held today in the Mansfield city jail in connection with the case.

## Mansfield Youth Injured By Car

A 16-year-old Mansfield youth, injured last night when he was struck by a car on Lexington avenue, was Richland county's lone week-end traffic victim.

At least 10 Ohioans lost their lives in drowning, traffic accidents, and fires.

Robert Jolley, 16, of 266 Saxton road, suffered possible brain concussions about 8:40 p. m., Sunday in an accident in front of 362 Lexington avenue. He was reported in good condition today in General hospital.

Police said the youth was injured when struck by a car driven by Max Eugene Lehner, 20, of Mansfield, R. D. 2. Witnesses to the accident corroborated Lehner's statement that Jolley darted into the street into the path of the car.

Two of the Ohioans who were killed were involved in an auto-truck collision in Walton, Ky. At least four persons were drowned.

**One man was suffocated in his hotel room in Akron. Another apparently was struck by a train in downtown Dayton.**

Eldon Handford, 37, and his eight-year-old niece, Betty Lou Handford of Cincinnati, were killed Sunday in the automobile-truck collision on U. S. Route 25 at Walton, Ky.

Hollie P. Snyder, 53, was suffocated in the Akron hotel room when his bed caught fire, apparently from a cigaret.

Bureal Louis Steagalls, 50, was killed Saturday in Dayton, apparently by a New York Central railroad train. His body was found along the tracks.

William Davis, 17, of Middlepoint (Van Wert county) was killed Saturday night when his automobile left the road a mile north of Middlepoint.

**BOAT OVERTURNS**

Eugene L. Procopio, 20, of Warren, and Beverly Adler, 18, of Youngstown, were drowned yesterday when a motorboat in which they were riding with three other young persons overturned in Lake Milton. The others in the boat swam to shore.

**Fourteen-year-old Phyllis Suhr of near Mendon, Mercer county, drowned Sunday in the Great Miami river below the Chautauqua dam.**

George Carter, 69, of Columbus drowned in the Scioto river five miles northwest of the city Saturday. Coroner's Assistant Dr. John H. Richardson said Carter's body had been in the water 24 hours.

Jake Lee Guildoo, 21, of Wellsville, died of a fractured skull received Saturday when his car upset in a ravine near Cannons Mills.

## Expect 400 To Register

### Red Cross Classes To Open Tomorrow

It is expected that between 300 and 400 persons will be on hand when the second term of the Red Cross swimming season opens tomorrow morning at Liberty park.

**Although no tabulations was available this morning, registrations have been coming in unusually well, according to Red Cross officials. They have been particularly heavy for the pre-school class which opens on Aug. 15 for a five-day period.**

Classes tomorrow start at 10 a. m. for beginners. At 11 a. m. beginners, intermediates and swimmers will take lessons from the group of instructors. Evening classes will start at 6 p. m. when junior and senior life-savers add to their knowledge of swimming. At 6:30 p. m. there will be a class for adult beginners and adult intermediates.

Gerald Coron, water safety and first aid director at the chapter house, will direct this term's lessons. He will be assisted by Don Elias, Nancy Sorenson, Pat Hieber, Sally Ashbaugh and Ilene and Irene Hoffman.

## Thieves Get 55 Chickens

Thieves got 55 chickens, garden tools, gas and oil and even some small trees in Richland county over the week end.

**Mrs. Roy Thuma, Bellville, R. D. 2, reported to sheriff's deputies yesterday that 55 White Wyandot chickens were stolen from her farm home five miles west of Bellville Saturday night.**

The garden tools, trees, and gas and oil were taken from a lot on Beal road east of Mansfield.

Sheriff's deputies said the owner of the lot, Paul Dune of 287 Third avenue, reported that the tools included rakes, axes, shovels, and picks. Gas and oil of undetermined quantity also was missing as well as three small trees, left at the lot for planting.

Dune made no estimate of the loss.

## 2 Inmates Escape OSR

State authorities were alerted today for two Mansfield reformatory fugitives who escaped the institution farm late yesterday.

Acting Superintendent George Allarding identified the escapers as Robert Reed, 18, of Columbiana county and Thomas Baldridge, 26, of Huron county. The youths were reported missing 8:30 p. m. at the dairy barn, Allarding said.

Reed was received on Jan. 11, 1949 to serve one to 20 years for auto theft, and Baldridge was received on Dec. 4, 1948, to serve one to 20 years for forgery.

## Marine Vet Heads DAV

COLUMBUS — (AP) — A 55-year-old World War I Marine veteran, wounded at Soissons and gassed at Belleau Wood, is the new state commander of the Disabled American Veterans.

He is William A. Sweeney of South Euclid, a suburb of Cleveland. A senior vice commander of the DAV during the past year, Sweeney was elevated to commander yesterday as the state convention concluded its three-day meeting here.

Other new officers include Robert J. Brown of Sandusky, senior vice commander, and the following members of the executive board: John McAninch of Cambridge, E. L. Powell of Dayton, and Otus L. Gilmore of Greenville.

## City To Hear Dennis Case

An assault and battery case hearing involving Louis A. Dennis, chairman of the board of the Shelby Mutual Insurance company, has been continued until Aug. 10, in Mansfield Municipal court. Dennis was released under $500 bond when the continuance was granted to permit his attorney, Frank C. Long, of Shelby, to finish his vacation.

**The affidavit was filed by William Snay, 35, of 61 Auburn street, Shelby, and charges Dennis with being abusive and striking Snay near the Shelby park swimming pool on July 8 as Snay was taking his two young daughters to the pool.**

It is alleged Dennis was irked at Snay's tooting his automobile horn in an effort to clear the roadway to the park pool where Dennis had his car parked.

Snay first signed an affidavit under a Shelby ordinance but asked Mayor William Morris, of Shelby, to dismiss it on July 22 after filing his state warrant. Upon refusal to dismiss the case Snay sought legal counsel in Mansfield and the state charge hearing was scheduled for Mansfield municipal court.

Snay told Shelby police, after the incident, Dennis had followed Snay to the pool after Snay had parked and identified himself, then asked Snay to do the same. Snay is a supervisor in the painting department at the Shelby Air Depot. After an exchange of words, Snay reported Dennis became angry and struck him.

## Eliot to Talk At Rotary Meeting

Paul M. Eliot, president of the Farmers Savings and Trust company, will be the speaker at Tuesday's meeting of the Rotary club, to be held at the Mansfield-Leland hotel at 11:45 a. m.

His subject will be, "Where Do We Go From Here." Dean W. Dickerson will be program chairman.

## *Young Entertainers Win Applause of 1,000 At Concert*

Ideal weather helped to build the biggest crowd of the season at last night's concert in North lake park.

More than 1,000 persons sat in cars or gathered around the lake to hear the Smart accordion band.

One of the most popular entertainers was eight-year-old Bobby Houston, who sang "Carolina in the Morning," the song he will sing in the Children's Theater minstrels, the next production of that Mansfield group. He also sang a special arrangement of "Buttons and Bows."

**Jean Maurer's "If I Love You" from "Carousel" and Elaine Wilkins's medley of songs from "South Pacific" were applauded with enthusiasm.**

Other special numbers were two accordion solos by Kenneth Kalb and Kenneth Kreiger and "The Twelfth Street Rag" played by the Accordionettes, comprised of six girls from the Smart studio.

Other soloists were Erlin Leverett, Sandra Byerly and Arlene Christman.

Next Sunday night's concert, according to Smart, will present Roy Wells, Columbus trombonist. The concert will be given by the Student Concert orchestra at 8 p. m.

## TEE TIME

By Charley Stine

*(News-Journal Sports Writer)*

Announcement of plans for the Richland Country tournament may highlight the coming week's golf news. Carl Wiseman informed the writer last week that the county association plans a meeting some time soon and will set the date then.

Actually, there are only two good dates from which the association can choose. These are Sept. 4 and Sept. 18. The second Sunday in September is the date of the Shelby Invitational and the county's top 16 will be entered there. The city tournament runs through Aug. 28 and anything later than Sept. 18 might not find the course in top condition.

Wiseman said no plans had been made for the county meet yet, but it is expected to have the same rich prize list which has made it a favorite in the past. Memory of county tournament prize tables made the prizes in the recent Ohio Amateur look like pretty small pickings to Mansfield golfers.

★

**Probably the only golf tournament** which exceeds the Richland County in merchandise prizes is the annual Peddlers tourney scheduled today at Lima's Shawnee Country club. The affair has a $1,000 cash prize list for pros and at least that much and probably more in merchandise awards.

Only catch to the thing is that only golf equipment salesmen, course managers, pros, assistant pros, and invited newspapermen may participate. The tournament is only one of the year that can draw Possum Rum Manager Irish McGee onto the links.

To give an idea of the way the Peddlers throw around the prizes, the writer last year won a $10 box of golf balls. The score—113.

★

**Still haven't heard of any** Mansfield amateurs planning to enter the Ohio Open. The affair lasts only three days and is a mere 54 miles from home but yet the local golfers seem to shy away. . . . Date for the Women's city championship sponsored by the City Athletic commission has been tentatively set for Sept. 11, same day as the Shelby Invitational. . . . A women's best-ball may be held the held the week before, depending on the date set for the Richland County tournament. . . . Coolridge Manager Fred Huntsman plans a unique club tournament this year. . . . The affair will be medal play in two flights with 36 holes being played all on one Sunday. . . . The field will be open for 18 holes in the morning with only the top eight and ties battling in each class in the afternoon. . . . The date for this also hinges on the date set for the county joust. . . . Possum Run has not planned its club tournament but will probably stick to the one class 36-hole style of the past two years. . . . Possum Run may join the Columbus District association next summer. . . . An active well-rounded program was sponsored by that group this year and belonging to both the Columbus and Akron districts would give members something to do at any time. . . . Many of the Columbus district events are held on week-days while Akron sticks to Sunday play. . . . Greens at Coolridge are beginning to come back after being badly scorched by the heat and dry weather two weeks ago. . . . Number two got so bad that an alternate green was cut beside it and used while the permanent green grew back.

**READER'S FORUM**

Dear Stine:

I hate to keep bothering you, but this golf situation is getting worse all the time. I've been getting so much advice I decided to try it all out yesterday.

"Keep your head down," one fellow said. I did.

"Cock your head to the right," says another. I did.

"Put your right hand on top of the club," another advised. I did.

"Stand closer to the ball," an expert said. I did.

"Put your right leg back further—hum as you hit the ball—keep your arm to your side—bring your club farther back—" the advice poured in. I did all of it at once.

Now my problem—I never hit the darned ball, but I did sprain my back. Do I have to pay for the lessons or do I have valid grounds for a law suit!

A. B. GINNER.

*(My advice is keep your eye on the ball and forget everything else. Just remember to keep your head down, your shoulders level, your feet straight, your grip right, and see your psychiatrist at least twice a year. Sue your wife. She should not have let you take up the game.)*

## New London 9 Wins, 11 To 6

NEW LONDON — Taking advantage of nine Cleveland errors, the New London Merchants defeated the Cleveland Black Sox in a baseball game here last night, 11 to 6.

It was the 11th win in 14 games for the Merchants. Andy Lacy and Sam Zubrick hit home runs for New London.

Wednesday night, New London will entertain the North Olmstead Merchants at 8:15. North Olmstead has won four and lost one in the second round of the lorain-Medina county league.

## Sammy Snead Wins Western Open Crown

ST. PAUL, Minn. — (AP) — Sam Snead, the White Sulphur Springs, W. Va. professional who says he's "tired of golf," had something today to relieve that tired feeling.

It was the $2,600 he won yesterday by taking first place in the 46th annual western open with a 72-hole total of 268. That score bettered the western open record of 270, set in 1947 by Johnny Palmer, Badin, N. C. and equalled the record for the 6,557-yard Keller course, set in 1946 by Henry Ransom.

To get his 268, Snead had to shoot one of three rounds of 65 scored in the four days of play in the western classic. He fired that one Saturday to add to his earlier rounds of 69 and 67.

Cary Middlecoff of Memphis shot a 65 yesterday to boost himself to a four-round total of 272 and take down $1,900 second money.

**Snead's first-place money increased his winnings in the professional golfers lists to $23,560.83, with Middlecoff staying right behind him with a total of $21,92.57.**

Lloyd Mangrum, Chicago; Jimmy Demaret, Ojai, Calif., and Chick Harbert, Detroit, finished yesterday's round with 275S. Mangrum shot a 70, Demaret a 67 and Harbert a 71 in the final round. They each won $1,183.34.

Three strokes behind them was Skip Alexander, who shot a 69 for a total of 276 and $900. Fred Hawkins, Antioch, Ill., won $800 for his 277 total on a final round of 71. Jim Ferrier, San Francisco, third man to get a 65 in the tourney finished with 278 and $700 in prize money. Toney Penna, Cincinnati, Ohio, won $600 for his 279. He shot a 68 yesterday.

# Young Lefty Blanks Cleveland, 3-0

## Lemon Goes In Finale Of Series

BOSTON — (AP) — The Cleveland Indians have lefthanders on the brain today. They're cussing one and blessing another—all mentally, of course.

Recipient of the unpolite but respectful mutterings is young Maurice (call me Lefty McDermott, who stopped the Tribe 3 to 0 yesterday. The Lefty getting kinder regards is former Cleveland hurler Bob Kuzava, who pitched the Chicago White Sox to a 2 to 1 victory over the New York Yankees.

**Although the Yanks split a doubleheader with the Sox to pick up a half game on the Tribe, things could be worse for Cleveland. The Tribe has staggered to a 3-3 record on the current road trip, but the Yanks haven't leaped to a commanding lead because of the scrappy Sox who licked them twice in a four-game series. Both Yank wins were by 3-2 scores.**

Bob Lemon will hurl for the Indians today in the rubber game of the five-game series. Another fine Boston lefthander, Mel Parnell, will go to the mound for the Bosox.

McDermott gave eight hits, but his blinding speed and crackling curve struck out seven. He walked only three and Boudreau, a rare strike out victim, was among those fanned.

Boston scored all their runs in the fourth inning when Gene Bearden, who had showed his 1948 class until that point, lost control.

**PESKY STARTS IT**

Johnny Pesky beat out a hit to shortstop to start the trouble. Bearden then walked Vern Stephens and Ted Williams to fill the bases.

Pesky scored and Stephens and Williams advanced when Bearden let loose a wild pitch.

Bobby Doerr and Billy Goodman then fanned and Bearden seemed to have things under control, but Tommy O'Brien singled to left to score both of the Red Sox strong men.

The Tribe failed several times after given excellent opportunities to score.

**Boudreau and Joe Gordon singled with one out in the third, but Larry Doby and Ken Keltner were retired easily on grounders.**

Mickey Vernon and Dale Mitchell led off the sixth and seventh innings respectively with doubles, but died in their tracks as McDermott bore down.

It was the tenth shutout for the Tribe this season compared to seven for 1948.

Little Dom Dimaggio broke the Red Sox record for hitting in consecutive games when he singled in the fourth. It was the 27th straight game in which the Little Professor had hit safely.

## Foltz Takes Post As Farmer Coach

DEFIANCE — (AP) — James H. Foltz today was named baseball and basketball coach at Farmer high school, Defiance county.

Foltz, 24, is a former Toledo Libby high school and University of Toledo football player.

He succeeds Ollie Zedaker, who resigned to become principal at Mark Center high school. Zedaker's cage teams compiled a commendable record including on Ohio Class B championship.

## 'Wot Hoppened' — Philadelphia Story Turns Into Sad One For A's, Phillies

By TOM R. BRISLIN

PHILADELPHIA — (INS) —Puzzled Philadelphia baseball fans scratched their heads in wonderment today at the collapse of the once-heralded "amazing A's" and "Fightin' Phillies" and asked: "Wot hoppened?"

Just a few short weeks ago, Connie Mack's A's were close on the heels of the New York Yankees in the American league race—in fact, closer than the second-place Cleveland Indians are now.

**And the Phillies, riding the crest of an amazing victory wave at home, cruised along in third place, close to second and only two or three games off the pace.**

Then the hurricane struck and the A's were tossed around mercilessly on their last western trip while the Phillies gradually lost ground at home and on a current trip to the hinterlands.

Today, the A's are in fifth place—nine games behind the struggling Yankees — and the Phillies are in a virtual tie for fourth place, about nine games behind the rampaging St. Louis Cardinals.

What caused their respective pennant bubbles to burst?

1. The pitching staff, once regarded as the best in baseball insofar as balance is concerned, suddenly went sour, primarily from overwork.

2. Even worse, the Mackmen lost practically all their batting punch, particularly in critical situations.

And a club without good pitching or clutch hitting can't win ball games.

On the western tour, the A's won only three games. They returned home and seemed to have found themselves as they ran up a six-game winning streak.

But then the Detroit Tigers hit town and things went from bad to worse for the Mackmen. They took the opening game from Red Rolfe's crew, but then embarked on a runless diet that now has carried across 27 innings.

Rolfe's moundsmen fired three straight shutouts at the A's and humbled them into fifth place.

As for the Phillies—

**Affable Eddie Sawyer wasn't supposed to have a great pitching staff, but it has been hurling—good hurling, too,—that enabled the Bluejays to carry on as well as they have.**

Fine performances by Kenny Heintzelman, Hank Borowy, Robin Roberts and one or two others have offset glaring weaknesses at other spots in the Phillies' lineup.

Those who claim to know say these things have undermined the Jays' pennant hopes:

1. Over-emphasis upon the "youth movement" — meaning too many young and inexperienced players on the squad.

2. Weak hitting—Centerfielder Richie Ashburn and Leftfielder Del Ennis, with anaemic .280 marks, are leading the club in batting.

3. Loss of classy Eddie Waitkus at first base. Waitkus, regarded as one of the best first-sackers in baseball, was wounded in Chicago last June by a love-crazed girl fan.

So the cry in Philadelphia this sad day is the stilted one heard every season:

"Wait until next year."

## Mansfield AC Nips Madison Outfit, 9 To 8

Mansfield Athletic club scored a pair of runs in the last of the eighth to win a free-scoring tilt from the Madison junior baseballers, 9 to 8, yesterday at Tillman's park.

A wild pitch with the score knotted in the eighth gave the Athletic club team the victory. McMillan, Madison, and Grier, AC, each walked eigh men.

Jack Bosh hit a double and triple and Jim Brightbill collected three singles to lead the Madison attack.

Madison plays at Lexington today and at Ashland tomorrow. Both are Central Ohio junior league tilts.

## Phil Muhl Wins Soap Box Derby

CLEVELAND — (INS) — Fourteen-year-old Charles Philip Muhl, jr., was the envy of all Cleveland Soap Box racers today.

Muhl, of suburban University Heights, copped top honors in the class A division yesterday and then was victorious in the runoff against the class B victor, Frank B. Savel jr. Muhl's winning time for the 1,000-foot course was 26.9 seconds.

## Legion Junior Tourney Opens

COLUMBUS — (AP) — The Ohio American Legion jurnior baseball toufnament gets under way today at Ohio State university.

Opening games, scheduled for 9:30 a. m., will match Lancaster against Akron, Urbana against Cincinnati and Zanesville versus Lima.

In the afternoon games, scheduled for 2:30 p. m., Columbus will play Steubenville. Warren will meet Ironton, Toledo will go against Lorain and Marion will play Cleveland.

Drawings were made here last night for the double elimination event, which means that when a team is beaten twice it is out of the tournament. The title game will be played Saturday.

## Chicago Cubs Option Veteran to LA Club

CHICAGO — (AP) — Frankie Gustine, veteran infielder, yesterday was optioned to Los Angeles of the Pacific Coast league by the Chicago Cubs.

The 29-year-old Cub second sacker came to Chicago this spring from the Pittsburgh Pirates. He had been with the Bucs since 1939.

## Penn Auto 9 Races To 4th Win In Row

Penn Auto-Sporting Goods racked up its fourth consecutive victory yesterday by walloping Lorain National Tube, 12-4, at Blue Goose park.

Five home runs rained off the Autos' bats as they blasted their way through two Lorain pitchers. Jack Hammett drilled two over the outfield walls in addition to striking out 11 and scattering 10 Lorain hits from the mound.

Hammett, who pitched and batted the Autos to the state championship last season, had been having arm trouble all year. Yesterday, however, he appeared in good form as he bore down in the pinches and did not walk a single Lorain batter.

**TRAIL FOR THREE**

The Autos trailed 1-0 for three innings after Lorain took the lead in the first on a single, an error and a fly out. In the third, however, Don Hardy singled and after Dubby Lockhart had gone out, Wilbur Wade and Jim Guest blasted balls over the outfield fence. Two more scored in the fourth on a single by Dick Poth and Jack Hammett's first four-baser.

The game went on ice in the sixth on singles by Poth, Shelly Swank and Warren Hammett, Don Hardy's homer and Jack Hammett's second round-tripper.

Penn Auto will travel to Lexington Wednesday for a 5:45 p. m. game. Yesterday marked the Autos final Sunday home game of the season.

## Aussie Tennis Team In Sweep

WILMINGTON, Del., — (UP) — A confident Australian tennis team today took aim at Italy, the next stepping stone in its quest for the Davis cup.

The Aussies, paced by Frank Sedgman, Billy Sidwell and the veteran John Bromwich, made a clean sweep of their five-match meeting with Mexico in the American zone finals, which ended with two singles matches yesterday.

The triumph qualified them to meet Italy, winners of the European finals, in the inter-zone finals at Rye, N. Y., Aug. 12-14.

## Jewelers Win 2 Games From Isaly Dairy 9

Todd's Jewelry scored a double-header softball victory over Isaly Dairy yesterday by scores of 2-0 and 10-4.

Dale McKinley tossed a five-hit shutout in the first game to win a pitcher's duel from Meyer. Daugherty led Todd's in that game with three hits in four times at bat while Hamman had three for three for Isaly's.

The Jewelers have now won 33 and lost 12.

Todd's will play Perrysville Pottery at Loudonville at 8:30 p. m. tonight. Players are to report at the Sunoco filling station on Park Avenue east at 6:30 p. m.

## This Pitcher Gives Fielders Easy Afternoon

CLEVELAND — (INS) — Al Boyer, pitcher for the Berea Merchants in the Lorain county class A league, doesn't believe in overworking his fielders.

The six-foot right-hander hurled all 18 innings of a double-header yesterday at suburban Berea. He struck out all 27 men in the opener and followed by pitching no-hitter in the night-cap.

Boyer gave up one hit in the first game as his mates topped the Lorain Amvets, 11 - 0. He struck out 15 and walked only one in the second contest, which he won, 1-0, by hitting a home run.

# Brooklyn Snaps Long Cardinal Win Streak, 4-2

## *Newcombe Blanks Leaders 'Til Ninth*

By RALPH RODEN, Associated Press Sport Writer.

Don Newcombe, big Negro righthander of the Brooklyn Dodgers, who has had his ups and downs, has something to smile about today. He's turned the tables on his chief tormentors—the St. Louis Cardinals.

Solidly cuffed in three previous encounters with the rollicking Redbirds, Newcombe clipped the league-leaders, 4-2, yesterday to snap the Card's nine-game winning streak and put the Bums back in the National League race.

The Cards spoiled Newcombe's major league debut on May 20, socking him for four hits and three runs in a third of an inning. The next time the two met, the Cards belted Newcombe out of the box in the ninth inning with a three-run rally and went on to win in overtime.

**Newcombe's third brush against the Birds occurred a week ago Sunday and what the Cards did to him shouldn't happen. He couldn't get anybody out in the first inning. The Cards breezed to a 14-1 victory and took over first place from the Dodgers.**

Yesterday, however, Newcombe had the Cards' number. The largest St. Louis crowd of the season, 32,965 fans saw the big fellow check the Cards on eight hits.

He blanked the league leaders until the ninth when singles by Ron Northey, Glen Nelson and Lou Klein plus Duke Snider's first error of the season allowed the Cards to score twice. Newcombe got pinch-hitter Bill Baker to ground out to end the game.

The victory cut the Cards' advantage over the Dodgers to one and a half games.

**STRETCH LEAD**

Meanwhile, the New York Yankees stretched their American league lead to four games over the second place Cleveland Indians.

The Yanks split a twin bill with the Chicago White Sox, taking the opener 1-2, and dropping the nightcap 2-1 in the ten-innings. The Indians were blanked, 3-0, by Micky McDermott and the Red Sox in Boston.

Ed Lopat bested young Billy Pierce in the first game on Johnny Lindell's ninth inning homer and Tommy Hendrich's run-scoring single.

Luke Appling slammed a two-run homer with two down in the tenth to give Lefty Bob Kuzava the nod over Duane Pillette in the nightcap. Henrich homered for the Yanks in the last of the ninth.

**The Detroit Tigers made it three straight shutouts over the Philadelphia Athletics as Ted Gray and Fred Hutchinson pitched the Bengals to 3-0 and 6-0 triumphs in the Quaker city. Gray yielded eight hits and Hutch five.**

Sherry Robertson socked a pair of homers and Eddie Robinson one to pace the Washington Senators to a 7-3 triumph over the St. Louis Browns.

The New York Giants butchered the Cincinnati Reds, 10-0 and 9-0, confining their scores to three innings. They scored ten runs in the first two innings of the opener with home runs by Johnny Mize, Ray Mueller and Hank Thompson featuring the bombardment.

Sid Gordon was the big man in the nightcap with two homers during a nine-run second inning uprising.

Adrian Zabala, making his first start since returning from the Mexican league, limited the Reds to five blows in the finale.

**GO INTO FOURTH**

The triumphs elevated the Giants into fourth place, one percentage point ahead of the Philadelphia Phils. The Phils edged the Chicago Cubs, 5-4, in ten innings in Chicago.

Dick Sisler singled home Gran Hamner from second base to break up the game for Philadelphia. Hank Sauer socked his 21st homer to account for Chicago's first two runs and Andy Pafko sent the game into overtime with a two run four-bagger in the ninth.

The Pittsburgh Pirates and the Boston Braves split a bargain bill, the Braves winning the first game, 9-1, behind Johnny Sain and the Pirates the nightcap, 6-5 with three runs in the ninth.

## 50 Schoolboy Gridders To Open Practice

By BILL GILMOUR

MASSILLON — (INS) — Massillon battened down its hatches today and looked warily north and south for half-a-hundred of Ohio's toughest high school kids who'll start tearing each other apart tomorrow.

The thundering herd will make up two football teams, select outfits of gridiron players chosen by their coaches to carry the blue and gray in fighting out the annual North-South All-Star football game Aug. 13 at Tiger stadium.

**They'll begin knocking their heads together tomorrow afternoon in practice sessions, after a lunch that'd stymie a horse. Just before that, however, they'll line up and be dished out their combat clothes and sweaters.**

The star-studded cast will roar into town by car, train, bus and probably by stagecoach from the hills.

There'll be from the North "Little Leroy" Harouvis, Lakewood's 265-pound tackle, the biggest player in the brawl. He's a pupil of Ralph Ness, one of the four coaches for the Northerners.

And Lorain's Dick Olsen, 195-pound tackle who's done such things as take out four men on one play. Olsen's been trapped so many times his teammates call him "Mouse."

**PASSIN' PAUL**

Mansfield's Paul Ferguson, brainy little 150 - pounder who quarterbacks and passes anywhere. Captain of the basketball team, Paul sharpened his eye with 52 per cent of his passes complete and he's played a full 48 minutes of most of his football games.

Johnny Hlay of Niles, 207 and a fullback who played only four plays in one game for a total gain of 180 yards; Kenton's Jack Decker, halfback at 180 weight, a high school all-American and all-Ohio team member who scored 128 points.

This is the type of rough-and-tumble 18and 19yearolds that will take to the striped green to battle with the boys from the south half.

## 2 Pole Sitters Schedule Talk About Problems

CLEVELAND — (AP) — Two of the nation's leading pole sitters will talk over mutual problems today.

A long distance telephone call between Charley Lupica of Cleveland and Mrs. Jean Ellis of Boston has been arranged by a Boston radio station.

Mrs. Ellis is spending her days on a pole because she cannot find a place to live for "reasonable" rent. Lupica has promised to stay on his platform 40 feet above street level until the Cleveland Indians are in first place. They currently are four games behind the New York Yankees.

The Indians lost to the Boston Red Sox yesterday, but Lupica received more bad news. His doctor ordered him to cut down on cigars.

Lupica, now in the air 68 days, said his cigar consumption doubles during baseball broadcasts.

## Bucyrus Team Wins Legion Tournament

BUCYRUS — (INS) — Bucyrus today wore the crown of the fifth district American Legion softball tournament held on its own grounds last night, blanking Tiffin, 2-0.

Tiffin had edged Mansfield, 2-1, in the semi-finals and Bucyrus had whipped Amherst, 4-1.

## Cincy Manager Handed 5-Day Suspension

CINCINNATI —( INS) — Cincinnati baseball manager Bucky Walters is the latest to learn that the umpire is always right.

The former Cincinnati pitcher was under a five-day suspension following an argument with umpire Lee Ballanfant. He was also minus $150 which he paid as a fine.

## Pitching Features Trio Of Richland County Tilts

Three fine pitching jobs yesterday spotlighted competition in the Richland County Baseball league.

All of the hill classics were turned in by Mansfield pitchers as T. & E. Tavern knocked off Butler twice, 5 to 1, and the Mansfield Hawks blanked Ontario, 5 to 0.

Possibly the best performance was that of Stokes of the Hawks. He spaced three singles, struck out nine and walked only two. The victory was the first for the Hawks in the second round of league play.

**The Taverns provided most of the headlines in their double victory. The first-game triumph knocked Butler out of a tie for first place in the first round and the second-game win put T. & E. into the undisputed league lead in the second round.**

Pete Campbell, former Ohio Wesleyan baseball star, made his first start for Mansfield in the opener and doled out five hits. He fanned six and walked only one. In addition, Pete had a single and double in two trips, drove in one run and stole a base. Dave Miller homered for the Taverns.

Ernie Tinkey scattered three singles in the night cap. He fanned six and did not walk a man. Tinkey has not given a base on balls in the last 40⅓ innings. It was the sixth win for Tinkey against one defeat. He had a shutout until the last of the seventh.

The Hawks, Lucas and Lexington tied for the first round title in the county loop with four wins and two defeats.

## *Luke Appling Ruins Yankees With Homer*

By OSCAR FRALEY

NEW YORK —(CP)— The guy who said life begins at 40 must have been a disgusted member of the New York Yankees talking about old Luke Appling.

Lucius, who admits to 40 but seems to have been around since before Abner Doubleday, didn't hit a single home run all last season. But old "aches and pains" clouted one in the 10th inning yesterday to beat the Yankees, 2 to 1, and give the White Sox a split in their double header.

**TO BREAK RECORD**

It was the 2,150th game Luke has played at short stop. Which means that Friday he will play number 2,154 — breaking Rabbit Maranville's major league record of 2,153 . . . the Appling retort to critics of his creaking progress is: "Just call me slugger."

Just in case you hadn't noticed amid the rumble caused by the panting pursuit of Cleveland and Boston, those Yankees aren't hitting of late. It may be because their rivals are throwing a load of lefthanders at the Bombers. But in the past week the Yanks haven't scored more than three runs—and the hapless White Sox almost swept their four-game series, suffering their two losses by a total of only two runs.

## Veteran Lefty Joins Indians

INDIANAPOLIS — (INS) — Former major league pitcher Clyde (Lefty) Shoun was under contract today with the Indianapolis Indians of the American association.

Shoun was just recently released by the Chicago White Sox. The 34-year-old lefthander had been in the major leagues for 13 years. He pitched a no-hit game five years ago.

## Millersburg Booster Club To Buy Camera

MILLERSBURG — The Millersburg high school booster club will meet Wednesday in the American Legion rooms here.

The club plans to purchase a motion picture camera and projector. The camera will be used to photograph football games as an aid in coaching. A membership drive for the booster club will open soon.

## Charles 'Rips' Boxing Head

POMPTON LAKES, N. J. — (UP) — Ezzard Charles let loose a verbal broadside today at Eddie Eagan, chairman of the New York boxing commission, for refusing to recognize his Aug. 10 fight with Gus Lesnevich as a title bout.

"What does that man want?" demanded Charles, who is recognized as heavyweight champion by the National Boxing association. "Why doesn't he recognize me as champion? What is a champion? A champion is the best of his class, and that's me. I've licked everything except Eagan's second Guess."

## Junior Game Off

The Elks-Coleman Heating contest in the Junior league of the Hot Stove baseball program has been postponed. The game was scheduled Friday afternoon at Liberty park.

DINO RESTELLI—Latest Italian Find.

## *Dino Restelli Gets Credit For Pittsburgh Win Surge*

By ROBERT SUNDY

PITTSBURGH —(AP)— You can give a bespectacled Italian from California most of the credit for pulling the Pittsburgh Pirates out of the dumps—and the National League cellar.

Dino Restelli, the Bucs' new 24-year-old hitting star, isn't the whole team, of course. But, oddly enough, much of his help has come from a flock of California teammates.

The quiet, powerful rookie came up the hard way. Restelli got his first chance with the San Francisco Seals in the Pacific Coast league. That was in 1944.

**He was batting better than .300 and talent scouts were glued to him when he was called into the Army the same year.**

The real struggle came after his discharge in 1946. Here's how he describes it:

"The end of the war sent swarms of players back to their clubs. The Coast league was loaded and it was hard to get back into the swing."

Last year Restelli returned to his old hitting pace. His batting earlier this season prompted a Buc spokesman to label his purchase—for an undisclosed sum and two players—one of the "most promising in years."

Another Pirate from the same state, and who's ancestors claim the same "old country," is Vic Lombardi. The Bakersfield player stacks up as a real diamond oddity—a hitting pitcher. Besides his respectable hurling record, Lombardi's been hitting as high. .391.

Six other players from California are important cogs in the current Pirate resurge—Ralph Kiner, Wally Westlake, Ernie Bonham, Cliff Chambers, Bill Werle and Eddie Bockman.

**The Golden State has always bred a rich strain of Italian baseball greats. A few of note are Joe and Dom DiMaggio, Tony Lazzeri and Frank Crosetti.**

And if the English Translation of Restelli bears significance, the Pirates' Italian is destined for even greater doings. Dino explains it a little bashfully:

Restelli, in Italian, means "King of the Stars."

## *Mansfielders Out of Money*

Three Mansfield teams finished out of the money in the Amateur-Amateur best-ball tournament at Boston Hills Country club, Akron, yesterday. The tourney was an Akron district association affair.

Red Dillon and Gene Lichtle, the only Mansfield Class A team entered, fired a 73, eight strokes over the 65 put together by winners Don Donaldson and Steve Kungle of Akron. Dillon had an 80, Lichtle a 78.

In Class B, Charley Stine (98) and Ned Simon (103) came in fourth with a 90 best-ball while Don Miller (10) and Ralph Postlewaite (95) carded a 93 for fifth.

## 4 Mansfield Stove Clubs 'Make' Meet

Four teams will represent Mansfield in the first annual Ohio Hot Stove league junior baseball tournament this week in Wooster.

Ohio Sport Center, Lumbermens and Police Recreation club have cinched berths in the tournament. The fourth spot will go to the Eagles or Odd Fellows. The latter teams are tied for second in the National league and will meet in a special playoff at 5:45 p. m. today at Liberty park.

The Knights of Columbus-Madison Rams game, originally scheduled for the Liberty diamond, has been postponed.

Sport Center and Lumbermens will play in the 13-14 year tournament with the other two going in the 15-16 bracket.

**PAIRINGS ANNOUNCED**

Pairings for the state tournament were announced today in Wooster by Bob Jameson, tournament chairman.

Sport Center, which has won 10 straight in league play, meets Wooster No. 2 and Lumbermens plays Wooster No. 3 in opening contests at 1 p. m. Friday. In other 13-14 games, Wooster No. 1 meets Alliance No. 1 and Lorain goes against Alliance No. 2.

The Police aggregation has drawn Sebring while the Eagles-Odd Fellows winner will play Lorain. Other first round games in the 15-16 division pit Alliance No. 1 against Wooster and East Liverpool against Alliance No. 2. The 15-16 games are set for 4 p. m.

Tourney contests will be played on four Wooster diamonds with semi-finals listed Saturday and finals scheduled at 2:30 p. m. Sunday.

## "War" May End

CHICAGO — (UP) — A costly war between two rival basketball leagues — the national basketball league and the basketball association of America — may end shortly with a merger of the two professional circuits, it was learned today.

## Billy Talbert Seems Cinch For Cup Berth

SOUTHAMPTON, N. Y. — (UP) — This year's U. S. Davis cup team will not be formed for another month, but a berth on the four-man squad practically was assured Billy Talbert today.

Talbert, who is 31-years-old and considered past his peak by most experts, pulled one of the biggest upsets of the season yesterday by turning back Richard (Pancho) Gonzales of Los Angeles, 6-4, 5-7, 3-6, 7-5, 6-2, in the finals of the Meadow club invitation tournament.

**It was the third important title gained by Talbert in the last month. The New York veteran previously copped the eastern clay courts championship and the New York state crown.**

Talbert teamed with Gardnar Mulloy of Miami to defeat Gonzales and Hugh Stewart of San Marino, Calif., 6-4, 6-4, 6-4, in the finals of the men's doubles.

Meanwhile, at nearby East Hampton, Louise Brough of Beverly Hills, Calif., won the Mainstone women's invitation championship by defeating Doris Hart of Jacksonville, Fla., 6-1, 7-5.

In the doubles finals, Miss Brough and Mrs. Margaret Osborne Du Pont of Wilmington, Del., whipped Miss Hart and Shirley Fry of Akron, O. 6-2, 6-4.

# Meet Cohen Who Owns 'The Strip'

## Shooting Marks Gambling Career

By HERBERT D. WILHOIT

LOS ANGELES — (AP) — Mickey Cohen told me one afternoon: "I'm a very overrated fella."

But at 4 o'clock the next morning he had acquired a greatly expanded reputation as an underworld character by getting himself shot, along with three other persons, just as his party walked out of a Sunset Strip night club.

One of his chief aides, Eddie (Neddie) Herbert, died last Thursday from his wounds.

This blasting set the nation to asking "who is this Mickey Cohen?" also, perhaps, "what is this Sunset Strip?"

Cohen and "The Strip" are like hand and glove. It is his headquarters, also his playground. A section of Sunset boulevard between Hollywood and Beverly Hills, it attracted gamblers years ago because it was outside Los Angeles city jurisdiction.

Now it's the locale of night clubs, restaurants, cafes, smart wearing apparel shops, cosmetics enterprises, reducing salons, offices of filmland agents, press agents and such enterprises as Bing Crosby's office building, business headquarters for the crooner, his brothers and their innumerable activities. It was from the shadow of the Crosby building that the shots which felled Cohen and his companions came.

**At 8804 Sunset is "Michael's Exclusive Haberdashery." That's the fancy signboard designation for Michael (Mickey) Cohen's headquarters. Its front is a neat men's wear shop with expensive merchandise on display. But you may note an absense of customers and you may have to look hard to find a clerk.**

Opening from the rear of the shop is a luxuriously furnished, softly lighted office, complete with semi-circular desk, a battery of telephones, leather divan and a small bar.

This is the nerve center of Cohen's enterprises.

The same building houses a jewelry shop and a tailoring shop, the whole establishment owned by Cohen. He says he also has an interest in a chain of super markets, a cafe, some boxers, cigarette machines and has "plenty of dough out at good interest."

**ARRESTED OFTEN**

The police and the sheriff's office have arrested him numerous times for questioning about such matters as murder, robbery, assault, bribery, vagrancy and just on general principles. They picture him as the gambling boss of this area, particularly in horse race bookmaking.

The record, however, shows only that Cohen was given a two-year suspended sentence and two years probation for embezzlement in Cleveland in 1934, and was sentenced here to six months for bookmaking in 1941.

**Four years ago Cohen shot and killed Maxie Shaman in a Cohen gambling joint but it was ruled self defense and he was never prosecuted. Cohen explained it to a reporter: "'He came in after me with two guns over a betting beef and tried to kill me; I got him first."**

Cohen says frankly he's done a lot of bookmaking and gambling to make himself a pile of money but claims he's been "clean" (legal) for 10 months.

Legal or shady, Cohen at 35 has come a long way from being a fatherless youngster in Los Angeles' Boyle Heights, a section of polyglot nationalities and hard living.

He was born in the Brownsville section of Brooklyn, N. Y. His father, a grocery importer and wholesaler, died when he was an infant, youngest of six children. His mother brought Michael to Los Angeles, opening a small grocery store. The rest of the children moved here later.

Mickey says it was his habit of skipping school that first got him into trouble. He figured "hustling a fast buck" by selling newspapers, especially extras a premium prices, was better than sitting in a classroom.

**TAKEN FROM TILL**

He began barging around the old Main Street gym, became a sparring partner, had his first pro fight at 15 for a $100 purse, and went to Cleveland when he was 17. The fight career got a little tough, then he got mixed up in that embezzlement, some $2,900 from a restaurant till, and went to Chicago.

Mixing with the Chicago fight crowd led him into bookmaking. He made himself a "roll" and came back to Los Angeles about 10 years ago. His "roll" and his police record have been getting fatter ever since.

Among the henchmen that surround Cohen, Howard and Frank Niccoli have been his constant pals. Niccoli has been with him since the Cleveland days; Howard came out from New York when Cohen returned here.

**Today Cohen is a dapper dresser. He travels in Cadillacs. He goes to the swankiest night clubs, like Sherry's where he was shot. He and his wife, Lavonne, have a swanky home in West Los Angeles. He spends money freely when he's out on the town.**

But he scoffs at those stories that his luxurious house — on one of the best streets — is something of a fortress. Gossip says a switch in his car can flood the estate in light while he's still two blocks away; that a radar sweeps the grounds constantly for signs of furtive characters sneaking up on him; that two ferocious dogs patrol the lawns.

"Nuts," says Mickey, no special lighting, no radar; but yes, two dogs — a boxer and a toy terrier.

# Steel Men Now More Optimistic

## Appliance Output Being Stepped Up

CLEVELAND — (UP) — The magazine Steel, weekly journal of the industry, said today there was "an increasing tendency towards optimism," and "signs that suggest business activity might soon snap out of its recession complex" cropping up in the past week.

**"A number of metalworking companies, notably appliance makers, found it necessary to step up operations," Steel said, and "the end of mass vacations, protective buying in case of steel strike, and conviction, on part of some consumers, that a price cut was not in sight, stimulated a slightly higher volume of buying."**

The publication reported "some mills are booked full for the third quarter on certain products, notably sheet grades. The automobile industry continued to order heavily in cold-rolled steel, and government construction of grain bins created a demand for coated steel."

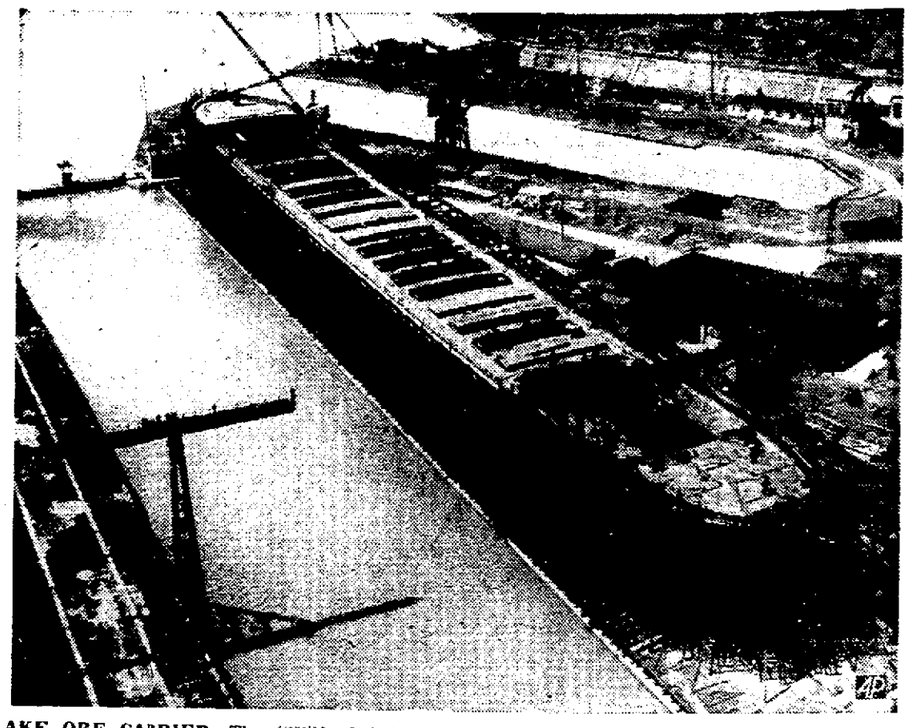
"The impact of President Truman's $1.5 billion arms aid program, if approved, would not be felt in the steel industry for some time, and then only moderately. . .the program is equivalent to only two weeks production during the war," it added.

**As a sign of confidence in the steel industry, Steel reported several producers have programs for plant expansion.**

Steel said "accompanying new stronger price tone in scrap in some districts.

"In at least one instance an improvement in business necessitated the restoring of steelmaking facilities to full operation.

Gains recorded last week were: 6½ points to 92 per cent at Wheeling; 5 points to 93.5 per cent at Cleveland; 4 points to 106 per cent at Detroit; 3½ points to 90.5 per cent at Chicago; 3 points to 96 per cent at Buffalo; 2½ points to 77 per cent at Pittsburgh; 2 points to 72 per cent at Youngstown; 2 points to 12 per cent in New England; and 1 point to 81 per cent in eastern Pennsylvania. The St. Louis rate dropped 11½ points to 75.5 per cent of capacity.



LAKE ORE CARRIER—The "Wilfred Sykes," being built in the shipyards at Lorain for the Inland Steel corporation, will carry 20,000 tons of ore. The boat will be 678 feet long.

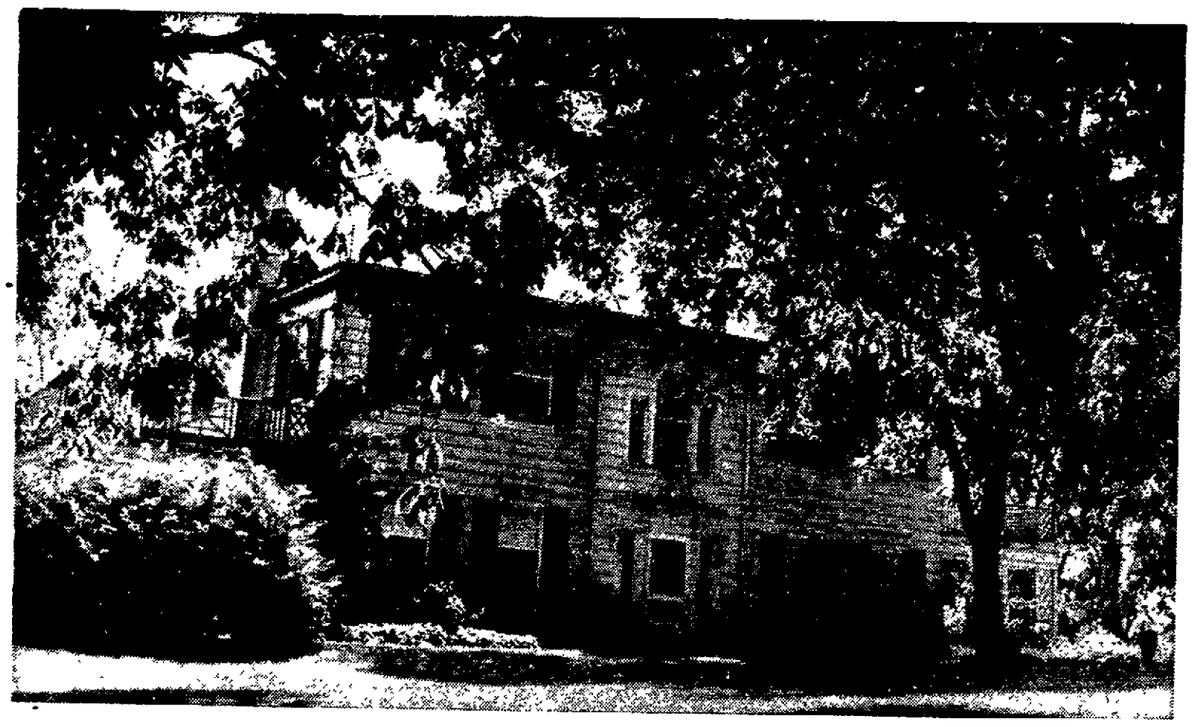
**W. L. MILLER** has moved his office from John Simpson Junior High school to the new Board of Education building. Mansfield Public Schools Superintendent,



**PERMANENT HEADQUARTERS**—Above is a front view of the Board of Education building on Carpenter road at Marion avenue Purchased last February the building is the first permanent headquarters of the board in Mansfield public school history The board moved into its new quarters two weeks ago today. With minor changes, the fine white frame house which formerly was the home of Mrs E. R. Hartman, has provided ample quarters for offices, conference rooms, and filing of school records. The new Carpenter school is to be built on the same property, probably facing Marion avenue, to the east of the Board of Education building.

**MARILYN HEUSS** shows how kitchen cabinets of the 11-room house are utilized as filing cabinets. Miss Heuss, secretary to Superintendent Miller, lives at 612 Heineman boulevard.

**JOAN SENERT AND SHIRLEY FISHER** Board of Education secretaries carry on business as usual in the pleasant new offices. Miss Senert lives at 100 Dawson avenue and Miss Fisher at 232 Bowman street.

# Much-Moved Board of Education Gets Permanent Home—At Last

By JOAN SCHWEITZ

For the first time in the history of Mansfield's public schools the Board of Education has its own administration building, located on the former Hartman property at Marion avenue and Carpenter road.

The board has been shuttled back and forth from one office to another ever since the school system started. In 1914, when the late Dr. J. H. Bristor was clerk of the Board, members met in his office, which was located on the site of the present Mechanics Building and Loan company, on South Main street.

**In the years just preceding 1927, members held meetings at the old Senior high school on West Fourth street. When the new high school was built, the board picked up its belongings and set up housekeeping in Mansfield Senior High school on West Park drive.**

When W. L. Miller became superintendent of schools in 1935 the board met in his offices in the Richland Trust building From there the board took roots in the new John Simpson junior high school building

This month the board moved into its first permanent headquarters, in the big white house which stands on a two-and-one-half acre tract on Carpenter road. It was purchased for the board from Mrs E R Hartman for $87,500

The property will also be the site of the new Carpenter school which will probably face Marion avenue The land is now being surveyed for the best position for the school

Every cranny in the 11-room house is being utilized The kitchen cabinets now house files the bedrooms are offices the living room is a large conference room and the sun parlor, now undergoing repairs, will be a smaller conference room.

The basement receives the overflow of filing cabinets from the kitchen.

**The antique wood finish, the lovely wall paper and the rich-looking chandeliers have all been left intact. Neon lights, desks, counters, filing cabinets, mimeograph machines and other office equipment, however, give the gracious home a very business-like atmosphere.**

John H. Eisaman, clerk of the board, said that he hoped the administration building would be able to hold on to part of the spacious lawn that now surrounds it. However, the future of the lawn hangs in the balance until plans for Carpenter school are completed.

The board members have been sitting in the same leather chairs around their long conference table for the past 20 years. This month, as a final salute to their new surroundings the old chairs have been refinished.

**JOHN H. EISAMAN** clerk of the Board of Education, checks reports in his new office. Eisaman, who lives at 5 Summit court, assisted in negotiations for purchase of the building.

**MISS BETTY ALTMAN AND DR. EDWIN A. FENSCH** conferring in the office of Glen L. Robinson, business manager for the board, are Miss Altman, 292 Marion avenue, and Dr. Fensch, 548 Highland avenue, director of research for the public schools.

# Cooperative Health Survey In Ohio County Gets Results

LISBON —?— A cooperative health survey in the rural areas of Columbiana county has produced more than statistics It's getting action.

Under the guidance of state and local medical authorities, a community project centered around the county's public health league made some pioneer strides in improving health conditions in the farming section

Volunteers rang the doorbells There were 317 of them They served without pay, and provided their own automobiles and gasoline

They worked under the general direction of two people—Mrs Roy Archibald a farmer's wife who is a graduate nurse, and Miss Lillian Schroeder, executive secretary of the league

They asked questions of 16,790 persons of the county's total population of 92 000

The answers showed them where to aim their attack on illness and disease

Here are some of the things that have resulted from the survey.

Establishment of pre-school clinics, to immunize small children against diphtheria, whooping cough and lockjaw.

A plan is under way to inspect all cattle before they enter the county. This is to prevent further cases of undulant fever.

The parent-teacher association has launched a dental program for school children, and the use of sodium flouride for prevention of tooth decay is being studied.

Provision for small-pox vaccination for all babies before they are a year old The survey showed only 17 per cent of children under five had been vaccinated

## Two Cycle Thefts Reported to Police

Police reported the theft of a motorcycle and a bicycle Saturday The bicycle was stolen about 4:30 p. m from in front of St Peters church from William Welk, 168 Blanche street

The motorcycle belongs to Gelen Hunter, 320¼ East Second street. Hunter said he parked his vehicle in front of his home at 11 p. m. Friday. He valued it at $700.

# Army Looks For Freshly Pulled Teeth

## Dental Decay Study Prompts New Request

WASHINGTON — (AP) — The Army is looking for teeth —freshly - pulled molars for use in studies of dental decay.

The idea is to test a couple of anti-decay solutions.

**Research is under way at the Army's Research and Graduate school, and the word has gone out to army dentists to send in teeth.**

When a reporter asked if teeth yanked by civilian dentists would be welcomed the answer was:

Sure, glad to get them.

The army wants molar teeth that are newly-extracted, and which are not decayed That is, they must be teeth that have been pulled for reasons other than decay.

The dental division will furnish self-addressed franked containers, made of metal, on request. Extracted teeth from only one patient should be placed in the bottle that will be found in the mailing container. The age, sex, place of birth of the patient should be written on the label of the bottle; also the place of residence during the first eight years of life. Finally, the date of extraction should also be listed.

Here's what the Army is doing:

**It's studying the effect of pre-treating the teeth with one or the other of two solutions—and then exposing the teeth to germs which cause decay.**

The solutions are:

1 Sodium Fluoride. U.S.Public Health service researchers have said this can decrease decay by 40 per cent.

2. A compound containing potassium ferrocyanide, zinc chloride and silver nitrate, developed by Dr. Bernard Gottlieb of Baylor university, Texas. The Army says Dr. Gottlieb has reported that decay can be reduced 90 per cent with this material.

# *Claim Women Boosting Bill*

WASHINGTON — (UP) — The Chamber of Commerce of the United States predicted Saturday that women will spend $13,500,000,000 for clothes this year, more than 59 per cent of the nation's total $22,650,000,000 clothing bill.

Married women will account for more than half of the feminine buying with purchases worth $8,140,000,000.

But employed single women, who are less numerous than their married sisters, will spend more on the average for their 1949 wardrobes.

# Ginger Splits With Hubby

HOLLYWOOD — (AP) — Ginger Rogers and her husband Jack Briggs have separated after six years of marriage.

Ginger's studio has acknowledged a report that she and Briggs parted company. Her mother, Mrs. Lela Rogers, disclosed that the breakup came Friday night.

"After she finishes her picture (Perfect Strangers) she wants to go away for a while," said Mrs. Rogers. "She is taking this pretty hard. There has been no property settlement, but any chance of reconciliation is small."

# Board Advertises For Bids On Willard Hospital Addition

## $110,000 Issue Voted 3 Years Ago

### Bid Opening Set In Office Aug. 29

By GEORGIA WOLFE
N-J State Correspondent

WILLARD — The board of hospital commissioners announces it is advertising for bids for the much needed addition to the Willard Municipal hospital. Bids will be opened at the office of the board on Aug. 29.

**The plans, drawn by Architect Granville E. Scott of Norwalk, call for a wing to the present building which will add 25 more beds.**

Miss Gertrude Baker, superintendent, states the hospital, originally built for 26 patients, has been having an average of 35 to 40 daily.

**Even the use of the linen room, physician's room, the visitors' waiting room and the sun parlors does not furnish enough accommodations for the patients being cared for, and cots and beds must be placed in the open in the first floor corridor most of the time.**

Willard voters approved the $110,000 bond issue for the enlargement of the hospital in November, 1946. If a satisfactory bid is received by the board, bonds in the sum of $110,000 will be offered for sale.

## Willard Chamber Units Announced

WILLARD — During the first meeting of the local Chamber of Commerce at which Robert Jump presided, he named four committees, as follows:

Retail merchants, John Notheis, chairman, Harold Scofield, Dale Feichtner, Richard Helman, Virgil Sherck; appreciation night, LeRoy Briggs, chairman, Richard Jump, Wesley Jackson; membership, Robert Hamilton, chairman, Dale Stearns; industrial, Harlow Stapf, chairman, C. M. Boyer, Frank Crall.

President Jump also announced a "New Idea" committee to consist of two or more Chamber members, who would propose new projects for the organization.

Local merchants approved the proposal for a series of lectures to be given on commercial problems, including training of personnel, selling merchandise, etc.

A special committee will be named to investigate the possibility of piping city water to Celeryville and the Willard airport. Another project which the Chamber will undertake is helping local schools.

JAILED ON SECOND HONEYMOON, BUT STILL HAPPY—Smiling unconcernedly, Charles Robinson and his wife Dorothy, former WAC, are booked on charges of assault and robbery in New York. On a second honeymoon, the couple ran short of cash and tried to obtain some by holding up a Broadway bar. They got $152, were caught when Dorothy, who was driving the getaway car, stopped at a traffic light. (International).

## *Deaths In Area*

## Ernest Moffett, 81, Retired Lucas Farmer, Dies At Home

LUCAS — Ernest A. Moffett, 81, retired farmer and former trustee of Monroe township, died unexpectedly at 10 a. m. today in his home three miles south of here on Lucas R. D. 1. Mr. Moffett had been in failing health for a long time and was the last of a pioneer family in this community.

Surviving are five sons, Willard at home, Gaylord of Perrysville, and John, Fred and Clifford, all of Lucas; a daughter, Mrs. Florence Berry of Lucas, 11 grandchildren and one great grandchild. His wife died 12 years ago.

Services will be at 2 p. m., Wednesday from the Byerly funeral home here with Rev. E. P. Scharf, pastor of St. Paul's Lutheran church, officiating. Burial will be in the IOOF cemetery. Friends may call at the funeral home after 7 p. m. today.

★

**JESSE E. ALTHOUSE**

BUCYRUS — Jesse E. Althouse, 78, retired farmer of North Robinson, died Saturday afternoon in the home of a son, Charles, in Sandusky township near Tiro. Mr. Althouse had been bedfast eight weeks and was a native of Hastings, Mich. His wife, Elverda, died in 1923.

Mr. Althouse leaves five sons, Charles, Elmer of Galion, Roy and Clarence, both of Bucyrus, and Gaylen of North Robinson; two sisters, Mrs. Jennie Ratz of Nevada and Mrs. Bertha Norris of Rome City, Ind.; 12 grandchildren and 10 great grandchildren.

Mr. Althouse had been a Crawford county resident since 1913 when he came to North Robinson from Wood County. He was a member of the Evangelical United Brethren church in North Robinson. Rites will be from the church at 1 p. m. Tuesday with Rev. Ralph Oyer, pastor, officiating. Burial will be in Wayne, O. Friends may call at the Wise funeral home here.

★

**JAMES A. ARMSTRONG**

BUCYRUS — Services were to be held this afternoon from the Wise funeral home here for James A. Armstrong, 78, a former Bucyrus resident, who died Friday night in Parma, O., following two-months illness.

Mr. Armstrong, who was employed as a salesman in several stores here, moved from here a number of years ago. He had been employed as a salesman in stores in Berea and Parma. His wife, Martha, died a number of years ago. Surviving are a son, Harry, Lakewood, O., and two daughters.

Rev. M. P. Paetznick, pastor of St. Paul's Lutheran church here, will officiate and burial will be in Oakwood cemetery.

## Acreage Set For Wheat In Crawford

### 28,144 Acres Allotted County

BUCYRUS — Approximately 2,100 owners and operators of farms in Crawford county today received wheat acreage allotments for 1950 from the county AAA office here.

**Dean Bair, chairman of the county AAA office, reported the county's share of the national wheat acreage is 28,144 acres, representing about 84 per cent of the usual wheat acreage that would be seeded ordinarily for harvest in 1950.**

Nationally, the acreage will be about 83 per cent of the usual amount.

**Bair pointed out acreage alenforced limitation on production but provide a limitation on government expenditures for price support beyond the national interest.**

He said if farmers comply with allotments they forestall the use of marketing quotas in future years.

## *Doctor to Open Galion Office In Home*

GALION — The combined residence and office of Dr. Bernard M. Mansfield will be remodelled by Aug. 15 at which time Dr. Mansfield plans to open his practice of medicine and surgery. The office is located at 413 Harding way west.

Dr. Mansfield is the son of Dr. B. P. Mansfield, osteopathic physician, and Mrs. Mansfield, of Galion. He received his premedical training at Miami university, Oxford. He served in the Medical Corps and gardisated in 1947 from the University of Louisville Medical school. He spent 10 months in medical practice as mine physician at the Black Mountain Coal corporation, Harlan, Ky. His internship was served at Cleveland City hospital from July 1, 1948 to July 1, 1949.

Mrs. Mansfield is the former Helen Taylor, daughter of Mrs. Sidney Taylor and the late Mr. Taylor, of 332 North Market street. The couple have two sons.

FRIENDSHIP ENDS WITH ICE CREAM—There may be cooler places where a fellow can enjoy his ice cream cone, but bit of sidewalk in Brooklyn, N. Y., satisfies little Buddy Dunne, 2, perfectly. It's in front of a training school for dogs and there always are a few scholars around to play with. Of course, he does have to be careful with the pups who have designs on his cone. (Int'l).

## *Baptist Minister Observes 90th Birthday In Bucyrus*

BUCYRUS — Rev. Robert Hughes, a Baptist minister nearly 70 years, observed his 90th birthday last week here at the home of his son and daughter-in - law, Mr. and Mrs. H. T. Hughes.

**Rev. Hughes, a native of Wales, began his career as a minister in 1879, at the age of 20, when he was called upon to substitute in the pulpit of a mission in Liverpool, England. He attended the Charles Spurgeon college in London and came to the United States in 1888.**

His first Ohio pastorate was at Loudonville. He also has served at Greenfield, Youngstown, Campbell, Kenton and Bucyrus. He was pastor of First Baptist church here from 1914 to 1917 when he entered Baptist state convention work as county campaign manager.

The white - haired Bucyrian's last pastorate was at Kenton, where he served from 1935 to 1944. Since that time has been acting as a supply pastor for the church and in 1945 he traveled to Canada to fill appointments in British Columbia.

**One of the highlights of his career was his visit to London in 1935 when he spoke at a reunion at Spurgeon college. He acted as spokesman for Spurgeon graduates living in the country.**

Despite his age, Rev. Hughes continues to act as supply minister for churches in north - central Ohio.

A grandson, Robert Hughes, is studying for the ministry at Denison university at Granville, O.

## 2 Carriers End Careers In Bucyrus

### Postal Veterans To Retire Today

BUCYRUS — Two veteran carriers at the postoffice here ended long careers today.

**Clarence F. Musser, a rural-carrier 35 years, is retiring on pension. He operates a farm, about three miles northwest of Bucyrus.**

Paul L. Houseburg, a city carrier 32 years, is retiring on disability pension. He has been ill with a heart ailment since last November.

**Musser, whose rural route covered a 62-mile area west of Bucyrus, has been on leave of absence since January due to the illness of his wife, Pearl.**

Houseburg entered the postal service in 1917 when he was only 18 years of age.

Substitutes will fill the vacancies until permanent appointments are made, Postmaster Carl Young announced today.

## U. S. Making Better A-Bombs, Find New Sources of Uranium

(Continued from Page 1)

Sandia is a branch of the Los Alamos scientific laboratory—center for the development of atomic weapons. The Sandia laboratory works closely with the armed forces.

The AEC said the University of California, which operates Los Alamos for the commission, had asked to be relieved of operating the Sandia phase of the weapons program. The commission said negotiations are under way to provide for management of Sandia by the Western Electric company and Bell Telephone laboratories.

In the field of processing "feed materials" for the production of fissionable uranium and plutonium, the commission also reported successful pilot plant tryouts of two new processes that will cut costs.

And, in the field of medicine and biology involving atomic energy materials and their effects these were some of the highlights reported:

**1. Development of a still-on-trial treatment for the relief of pain and distress in two types of heart disease—angina pectoris and congestive heart failure.**

2. First human trials of radioactive cobalt—which shows promise of being an inexpensive substitute for radium in the treatment of cancer. About 15 cases of five different types of cancer have been treated by Ohio State university researchers with some tumors being destroyed and others temporarily arrested.

"Indications are," said the report, "that due to the flexibility and comparative safety of radiocobalt, the university will be able to achieve its original objective of better treatment of cancer. Evaluation of results will require further large scale work and some years of time."

3. Research at the University of Michigan, seeking to work out a blood test, similar to a test for syphilis, to diagnose radiation injuries quickly.

4. The possibility of using hornets to detect radiation "leaks" in atomic energy devices--because these insects readily absorb one of the by-products of atomic fission.

5. The possibility of using bacteria to help remove dangerous radioactive materials from atomic energy waste products--just like ordinary sewage is treated.

# U. S. Chiefs Begin Talks With European Military Leaders

## Luxembourg And Italy 1st On Agenda

### First Frankfurt Airport Today

FRANKFURT, Germany — (AP) — The U. S Joint Chiefs of staff conferred today with army officers of Italy and Luxembourg in the first of a series of talks with European military representatives.

Lieut. Gen Efisio Marras, Italy's army chief of staff said at the conclusion of the talks the American chiefs "displayed a friendship on which we can rely without question"

Gen Marras added "we discussed problems of mutual interest. . .There is no doubt these discussions will be of great mutual benefit."

**Adm. Louis Denfeld, U. S. naval chief of operations said the Italians did not raise the question of U. S. arms aid for western Europe. Earlier, a spokesman for the joint staff said the Luxembourg group did not bring up the arms aid question at their session either.**

The American chiefs — Gen Omar N Bradley, Army, Adm Louis Denfeld, Navy; and Gen Hoyt S Vandenberg, air force, flew in from Washington Saturday for a 10-day study of European defenses and potentialities under the Atlantic Pact

The Duchy of Luxembourg lies in a border area between France and Germany She has little more than 1,000 square miles, even with territory gained from Germany through a recent frontier revision. The 1945 population estimate was 281,572

Immediately after the Luxembourg talks end high ranking officers of Italy, another pact power, are to confer with the Americans.

**Later in the day the U. S. staff chiefs will inspect the Berlin airlift operations at Frankfurt's Rhine-Main airport. Then they will go to U. S. army headquarters in Heidelberg for further talks with American commanders in Germany.**

They visited informally yesterday with commanders of the U. S. Army, Navy and Airforce in Germany

Adm. Denfeld inspected American naval units and took a short boat ride on the Rhine.

Gen. Bradley spent the day with Lieut. Gen. Clarence R. Heubner, commanding general of the U. S. Army in Europe. Gen. Vandenberg visited Lieut. Gen. John K. Cannon, commander of the U. S. airforce in Europe.

When they go to London later this week the American chiefs will hear two separate plans for western European defense Both involve the use of American dollars for arms and equipment

One group of military leaders will tell the Americans that only a large army — containing up to 1,500,000 combat troops mentioned in Washington debate on the arms fund — can prevent Soviet aggression if the Russians substitute military for political pressure.

Another group will content that a better answer is a small, mobile but well trained and equipped force of some 20 divisions — perhaps 250,000 men — backed by enough planes to guarantee air control

London experts believe the upshot will be a compromise

*Taxpayers With Conscience Turn Contributors*

## Treasury Sent Cash, Amusing Letters

By HARMAN W. NICHOLS

WASHINGTON — (UP) — The White House received a letter the other day which said

"Enclosed is five cents I owe the government While out in the Atlantic in a boat I dropped a nickel overboard Here is another one to put back in the mint"

**The unsigned letter apparently was written in all sincerity. Many federal agencies get letters from people with guilty consciences and most of the letters contain money. If they do, they go to the "conscience fund" under the treasury's bureau of accounts; Joseph A. Woodson, chief. The money ends up in the general federal kitty and is spent.**

First known contributions to the conscience fund were during the administration of President Madison back in 1811 The total that year was $250 For the fiscal year 1948 it was $124,168 12

Some people sign their names others do not A great many say they have found religion and with it a pang of conscience for some past wrong

A few jokesters are involved Like the woman who sent five cents in stamps "to be applied against our 251-billion dollar public debt"

**None of the letters, though, are funny to the conscience fund people who maintain a large office on the fourth floor of the Treasury building and keep an elaborate file and bookkeeping system on such matters. Each signed letter is answered politely.**

The current crop of notes contains many from former service men

One sent a money order for $30 to pay for property he stole while wearing an army uniform Another had filched "a bunch of light bulbs" from the Navy "I don't know how many," he said "but I think $10 will cover it"

A Marine declared he had been overpaid by $2 62 at the time of his discharge He returned it, plus 10 cents in interest.

A soldier said he had walked out of a separation center (somehow) with his discharge papers in one hand and a bass drum in the other. He sent $17 50 with a notation that "it was such a poor drum it couldn't have been more than that"

**A lady not long ago mailed in $150 in cash She explained she owed the government that much and had sent the amount in before. "I didn't receive any reply from you the first time so here it is again." She didn't sign her name to either letter.**

Sometimes the amount is small, but in the past startled clerks have opened plain envelopes containing as much as $30 000

A letter addressed in an almost illegible scrawl arrived from a southern state this week. Inside was $40 in bills plus a note saying, "Here it is boys" No name.

Fifty cents in stamps came from a man who had stolen a spoon from a CCC camp several years ago Another fellow said he had worked in a war plant and couldn't resist the temptation to lug home nuts and bolts He said he thought $3 would cover them

"We never return any of it" Woodson said "It would be impossible"

Especially the last letter received It contained a simple "I owe you" and $97.

## Archers To Learn Game Shooting

### Hunting Course Being Set Up

The Mansfield Archery Club is planning a course in the hunting of game animals with the bow and arrow, according to Maurice Taylor, general secretary of the YMCA

The archery club was started by the YMCA, but now is operating on its own. The course in game hunting will be carried on as part of the regular meetings of the club which now meets every Monday, Wednesday and Friday at 6 30 p m in Middle park

**Site of the field range for the game course has not been definitely decided on as yet, but is expected to be somewhere in the vicinity of Mifflin lake**

Targets designed in actual life sizes of various animals will be set up in a wooded area The targets will be backed with bales of straw to prevent injuries to any of the archers Signs will direct the archers through the course and when they sight the animal targets they will try to pierce the animal" in a vital spot

**Taylor said the course will be designed to force the archers to shoot at the distances they would encounter if they were actually hunting. Thus an eagle or any other bird would be a small target at long range. Larger and slower animals will offer larger targets at a comparitively short range.**

The would be "Robin Hoods" will use regular hunting shafts with the exception of the arrows which will have blunt points. The practice arrows will not have the flanged points that are used in hunting game

### $15,000 Loss In Hardware Blaze

DEFIANCE — (AP) — Firemen from five northwestern Ohio communities Saturday fought a fire of undetermined origin at the Ney Hardware store in Ney, nine miles northwest of here

Damage was estimated at $15,000 by the owners, T. W and William Unsicker. They said their loss was only partially covered by insurance.

The Defiance, Bryan, Sherwood, Farmer and Ney departments joined to fight the flames which started in a warehouse at the rear of the store

## *Story of Old West Provides Exciting Reading For Kiddies*

"Buffalo Gold" by Geraldine Wyatt, is one of the new books for children which will be available at the Mansfield Public library Monday

The book contains a number of exciting stories about the early western expansion of the United States Some of the stories of Indians, buffalo, wild horses, and settling the prairie are true, many are a mixture of truth and fiction

**Anson Hull, who promised to save his sister from the Indians, who built a house and grew wheat on uncultivated land, and who shot buffalo and came to know and like the Indians, is a fictional character, but his adventures are realistic.**

Ann and Billy and Jane make "Three Of Us" in a delightful new book by Guy Bond This is a book for beginning readers with a few words and short sentences Besides the children, there is a dog and a cat who help make the stories funny.

"Tales From Storyland," by Watty Pipper, is a collection of familiar fairy tales and stories The book is large—a good size to spread out on the floor to read. The illustrations are colorful nice for little brother and sister to look at while an older child reads aloud

"Peter's Pinto," by Mary and Conrad Buff, is a good book for the horse story lovers The story takes place in Utah and is made up of all things that make good story — people, animals, wild horses, hunting, adventure fairs and fiestas, excitement and suspense

One of the few series of books at the library deals with "Freddy" "Freddy" is a pig—a very extraordinary pig He lives on a farm in Vermont and has taken part in many adventures from going to Florida for the winter, to publishing a newspaper and becoming a magician

## Savers Get 17 Million

COLUMBUS — (AP) — Distribution of earnings to savers by Ohio savings and loan associations for the semi-annual period ending July 1, amounted to $17 500.000.

The figures were compiled from reports received by Don L. Tobin, executive secretary of the Ohio Savings and Loan league. The reports were from 616 savings and loan institutions in the state

A steady increase in savings during the six months' period was shown by the reports. Tobin said, today adding that estimates show the net gain of new savings over withdrawals will exceed $50 000 000 for the period.

Repayments on home mortgage loans Tobin said, continue to run in excess of the contract rate for repayments

Decrease in the level of real estate activity accounts for new loans running about 90 per cent of the 1948 volume, he reported.

### *Cigaret Price Now Pegged at 18 Cents*

## Pilots Who Lack Mental Balance

WHILE aviation catastrophes are attributed to a variety of causes, what is called the "human element" seems to have large responsibility in many of them.

This applies with particular force to Saturday's crash of an airliner in New Jersey, resulting in the death of 12 passengers, three crew members, and the pilot of a small plane, who, according to witnesses, had been "buzzing" other aircraft, including the one finally wrecked by collision.

Growth of aviation has naturally presented a problem in confining the operation of planes to persons worthy of being trusted with such great responsibility, and the extent of indulgence in "stunt flying" and "buzzing" provides ample evidence of the unreliability of some persons who are permitted to pilot planes.

In addition to training, intelligence and physical qualifications, it seems necessary that psychiatric tests also be made to assure mental balance, which is obviously lacking in pilots who fly close to housetops as a "stunt" performance, or who "buzz" the home of a relative or friend —or, as in the New Jersey tragedy, indulge in this senseless practice by darting toward other planes.

Aviation has had such rapid growth that it has been impossible for restrictive measures to keep pace with needs—but it is now high time to take action to eliminate some of the unnecessary risks of air travel and transportation, and the mentality of those who fly planes looms as an important factor in increasing safety in the air.

## Services of Rate Expert Needed

RECOMMENDATION by City Solicitor C. J. Kalbfleisch that the services of a rate expert be secured to study the Mansfield telephone situation in all of its phases seems the proper course, rather than to passively accept the telephone company's proposed rate increases.

While city council is on record as opposing any raises in telephone rates, this is a matter on which full information as to capital investment, maintenance and operating costs, profits, etc., will be required in presenting the city's case before the public utilities commission, and this information cannot be secured except by a competent investigator, experienced in that line of work.

Tomorrow's planned conference between Solicitor Kalbfleisch, and other city officials, and members of the public utilities commission, will give opportunity to learn more about procedure in advance of commission hearings, and may be regarded as a preliminary step toward employment of a rate expert to disclose information that will govern future action.

## Quail Loses 'Song Bird' Status

WHILE the argument goes on and on as to whether the quail (also known as "Bob White") should class as a "song bird" or a "game bird", why not reach agreement that the starling is a pestiferous nuisance, and, being approximately the size of a quail, might serve the purposes of a "game bird", insofar as hunters are concerned.

The 36-year protection of the quail as a "song bird" came about through active support by bird lovers who feared extinction of this appealing small bird, and under the new law, just enacted over Governor Lausche's veto, another ten years are to pass before quail can be legally shot in Ohio—with the intervening time given to building up the quail population.

In the matter of starlings, however, this importation from Europe is one that cannot be commended, and since their first introduction into the east in 1890 they have spread rapidly over northeastern states, doing great damage to fruits, driving away native birds, flocking into city trees for the night after feasting in rural areas, and making themselves as great a pest as did English sparrows in earlier years.

During the time allowed for encouragement of increase in the quail population why not also give thought to possible ways of decreasing the starling population? Surely there are no "song bird" claims in their behalf.

## Nazis and the German People

RECENT SURVEYS in the American occupation zone of Germany have disclosed that a surprisingly high proportion of former nazis may be found in German government positions, both state and local.

Among some there is an inclination to accept it as inevitable, because the number of former nazis is so high among those who are experienced in, and are available for, government work.

This might lead also to the later discovery, or conclusion, that the general proportion of former nazis is so high among the people as a whole that "de-nazification" won't work the way it was expected to work. That in turn might be hard on the still quite prevalent notion that not the German people but "only the nazis" were responsible for the Hitler atrocities and World War II.

## China's Valueless Money

RECENT news notes from Shanghai tell of attempts of communist authorities there to keep pace with the worth of their own money by adjusting the official exchange rates. With each adjustment more of the new People's Bank dollars are required to buy a United States dollar, long the standard of value on the China coast.

Apparently the government at Shanghai has changed, but not the monetary philosophy. The Chinese Nationalist government has always tried to meet its money problems in the same way, by printing more money and lowering its real value. This is one of the many problems of China which will not change with the political hue of the government.

Buying in Mansfield stores is a good habit.

## Real Issue In Federal Aid To Schools

BOTH Cardinal Spellman and Mrs. Roosevelt in their current controversy seem to have missed the principle that should concern Americans in this matter of federal aid to schools.

**That point is whether education should be a responsibility of state and local agencies or whether, through grants of federal money, we are to have our schools regimented by the bureaucracy in Washington.**

The issue is not regimentation by this or that. It is regimentation, period.

Cardinal Spellman's argument is that, since Catholics as well as others are paying taxes, their schools should not be denied a share in money appropriated by Congress for school aid.

His special object of attack is a House bill sponsored by Congressman Barden which excludes parochial schools from federal benefits. He seems to be willing to accept federal influence in state and local education if parochial schools get some of the money. This seems to relinquish the traditional and sound attitude of his church, which argued against all federal control of education.

Mrs. Roosevelt seems to think the ancient issue of the separation of church and state is involved. Her argument seems to be gathered together in this curious and logicless statement, "I think that there is still a feeling that the public school is the school that is open to all children and that is supported by all the people of the country and that anything that is done for the public schools should be done for them alone."

* * *

**Cardinal Misquoted.**

WITH appropriate charitable allowance for Mrs. Roosevelt's familiar loose language, that statement still does not make sense. For her third point does not necessarily follow the other two.

Moreover, she admits in her next sentence that, if medical care is to be given to children and the school is regarded as a good place to administer such care, children in all sorts of schools should receive such care. This denies the validity of her sweeping statement.

It should be added that, in her letter to the cardinal, Mrs. Roosevelt accuses him of calling her "an unworthy American mother." According to newspaper accounts, that is not what the cardinal said.

**He said she had written things that were "unworthy of an American mother." Such twisting of language is unworthy of an American journalist.**

Mrs. Roosevelt seems to be worried lest religious propaganda be indoctrinated, but not at all afraid of political and economic indoctrination.

Some of us are afraid that, through the bribery of federal grants, a political outfit in Washington which has never hesitated to use power selfishly will put its ideas into the minds of the children in schools which are supposed to be nonpolitical as well as non-denominational.

## Years of Tension Ahead

By JAMES MARLOW

WASHINGTON — American planners are looking forward to years of tension between the west and Russia.

General Omar N. Bradley, army chief of staff, said this clearly in his statement to the House foreign affairs committee.

He was urging Congress to approve speedily this country's plan to arm western Europe against any Russian attack. And he said:

"With our allies, strong or weak, as they may be, we face a long period of tension.

**"Now that the Atlantic Pact has been formed we can surely anticipate that any aggressor (He didn't name Russia) will alternately press and quell the crises, hoping to hold the signatory powers in perpetual irresolution."**

But how long will it take to arm western Europe? Defense Secretary Johnson told the same committee about four or five years.

So, if the plan starts this year, western Europe should be pretty well armed by 1953 or 1954.

This doesn't mean that by then the armies of western Europe would be strong enough to defeat Russia, if she attacked.

It means — according to the American planners — that western Europe would be strong enough to hold off the early stages of an attack until this country could go to its defense.

Bradley said it would be up to the armies of our allies to bear the brunt of the early attacks until we could mobilize.

In the meantime" Bradley said we'd swing into action with the atomic bomb and our long-range bombers.

But, meanwhile, what about the Russians" If Europe were armed and we could bomb Russia with the atomic bomb, would Russia be likely to attack at all unless she too had an atomic bomb?

* * *

**After Everybody's Ready.**

THAT raises the question of time and Russia's ability to make the bomb. And it brings back a warning which isn't mentioned often now but was issued only two years ago this month.

In July, 1947 a committee of five men, appointed by President Truman to study this country's aviation needs, issued a report, called "Survival In the Air Age" it said:

"We should have an air arm in being capable of dealing with a possible atomic attack on this country by January 1, 1953."

The commission was saying that by 1953 Russia may have enough atomic bombs to attack this country.

An earlier commission appointed by Mr. Truman — called the President's Advisory Commission On Universal Training—had warned that other powers (and that meant Russia) would have atomic weapons between 1951 and 1957.

But Secretary Johnson said western Europe, through our arms plan, would be armed by 1953 or 1954.

**That would mean it would be ready for an attack somewhere around the time the President's two commissioners said Russia might have atomic bombs of its on.**

But if, by the middle 1950's, we have atomic bombs, Russia has atomic bombs, western Europe is armed, and Russia's armies are powerful, as they are now, what then?

It's anybody's guess. No wonder Bradley said we "face a long period of tension."

But Mr. Truman, Secretary Johnson and General Bradley argue that there's less chance of Russia attacking at all if western Europe is armed.

## G. O. P. Factions Row Over Chairman

By DREW PEARSON

WASHINGTON — All is not harmony inside the Republican national committee as it nears the job of picking a new chairman. It was hoped that when Pennsylvania's Hugh Scott, a Dewey man, resigned, diverse G.O.P. factions would bury the hatchet and pull together. But they haven't.

Today, there is just about as much inside dissension as there was over controversial Hugh Scott.

**This time the feuding is over the top candidate for the chairmanship — Guy Gabrielson of Bernardsville, N. J., national committeeman from New Jersey.**

Last week the chairmanship appeared to be all set for Gabrielson. Since then, sudden and stiff opposition has developed. For one thing, it is strongly suspected that he is a Stassen man. Even more important, Republican congressmen from New Jersey are almost solidly opposed. En bloc they called on ex-Speaker Joe Martin, and registered their objection. Usually it's an honor to have a national chairman selected from your state, but in this case New Jersey congressmen wanted to forego the honor — if Gabrielson is to be the man.

Another strike against Gabrielson is that fact that he is from the east, and that Scott's resignation was forced because a mid-westerner was needed as chairman. (Gabrielson was born in Sioux Rapids, Ia., but has lived in New Jersey for some time.)

* * *

**Darby Is Favorite.**

ANOTHER complaint is that at the last Omaha meeting of the G.O.P. Mrs. Reeve Schley of New Jersey, whose husband is vice president of the Chase National Bank, wanted to be on the executive committee in place of Mrs. Worthington Scranton of Scranton, Pa.

Accordingly, Mrs. Scranton was persuaded to resign in favor of Mrs. Schley, following which Gabrielson did not pass this choice plum to Mrs. Schley but usurped it for himself. This made many people sore. Meanwhile, a lot of wires are being pulled to put Gabrielson across. His chief backers are Texas Committeeman Rentfro Creager, Arizona's novelist Clarence Budding-to Kelland, Harrison Spangler of Iowa, Senator Brewster of Maine, and Sam Pryor, former committeeman from Connecticut and vice president of Pan American Ariways.

Pryor has even secured the help of a public - relations firm, Andrew Gahagen of 270 Park avenue, New York, to put Gabrielson across, and one of its representatives, Lee McCann, has been in Washington buttonholing the boys.

**Note:** Top candidate for the G.O.P. chairmanship if Gabrielson doesn't make it is Harry Darby, G.O.P. committeeman from Kansas, who is chairman of the Kansas City Airways and of the Kansas Palamino Horse Exhibitors association. Darby is acceptable to Dewey and most other factions but doesn't seem to want the job.

* * *

**Dulles' New Job.**

IT MAY or may not have been significant, but John Foster Dulles, the famed new senator from New York, has been appointed to the Senate committee governing the District of Columbia. In voteless Washington this means that he will have a great deal to say about governing Washington — including its public utilities.

**Significantly, it happens that the Dulles law firm, Sullivan and Cromwell, is attorney for the Washington Gas Light company, also for the potomac Electric company, also for the electric company, also for the Washington RR and transit company, which owns the Capital Transit company.**

At the time when Senator Dulles was appointed to the District of Columbia committee, these utilities are asking for rate increases, while the Washington Railway and Electric Co. proposes the sale of its 44 per cent interest in the Capital Transit Co. to outside interests.

In fairness to Senator Dulles, it should be noted that he wanted appointment to the foreign relations committee. When no opening developed, Senator Schoeppel of Kansas was moved off the District of Columbia committee, and Dulles took his place.

Senator Dulles remarked, incidentally, that he knew nothing about D. C. problems with the exception of the bill to kill the capital's population of starlings. Though he liked birds, he said he did not like starlings.

## Making It 'Germane'

By THOMAS L. STOKES

WASHINGTON — If you sometimes wonder what's wrong with the world, aside from general cussedness, or what the poet called "man's inhumanity to man," take the United States Senate.

Take for example, that distinguished body's four - hour soliloquy during consideration of the five - billion dollar ECA bill over what newspaper reporters can dismiss in three words as "a parliamentary tangle." The Senate, of course, cannot so dismiss it. In fact, it required 18 pages in the Congressional Record.

**With what result? Nothing — except to send the bill which the Senate already had debated for four days, back to the appropriations committee to start all over again.**

Our whole European recovery program had to wait while the Senate quibbled in hair - splitting.

Hamlet got off his "To be or not to be," which is quite profound, in less than five minutes. The Senate talked to itself over four hours with its "germane or not germane," which is not profound though sufficiently abstruse.

This is no place — for there's not the space — to go into that ponderous subject. You can confuse yourself by reading the Congressional Record. What it was all about briefly is that the appropriations committee tacked on several amendments to the ECA bill which clearly were legislative in intent. That is, they were directions as to new policy or change of policy.

Such "legislation" is not supposed ordinarily to go into appropriations bills; in short, is not "germane," though the Senate can make anything "germane" by a vote, as it did in this case.

Both the ECA and state department were upset by these amendments. They included one by Senator McClellan (D., Ark.) requiring the purchase of specified amounts of American farm surpluses whether Europe needs them or not, known as "The Arkansas Farm Relief Project"; another for a $50,000,000 loan to Spain, and a third that would reopen the whole delicate question of dismantling of German plants for reparations.

* * *

**Now You'll Understand.**

THE TALK started over Senator McClellan's farm surplus boondoggle. After the Senate had argued for four hours, the senator, himself, finally got mad, shifted over to the argument of his opponents, and made a point of order against the whole appropriations bill because it did contain "legislation." Vice - President Barkley upheld him. The bill went back to committee. A nice day's work!

You can get a pretty good idea of what went on in the four hours from this illuminating passage by Vice - President Barkley, as he toyed with his gavel:

"But if the Senate holds, which it has done in this case, that it is germane either to the language to which it is appended, or germane to the bill — because the rule itself deals with germaneness to the bill as well as to any particular part of the bill — if the Senate votes that it is germane, although legislation, if it is germane to any other legislative provision of the bill, the chair does not see how he can overrule that decision of the Senate by deciding that, although the Senate has held that it is legislation and that it is germane, nevertheless the chair can say that it is legislation on the appropriation bill, and therefore declare the amendment out of order."

**Mr. Barkley, as can be seen, did not serve in the Senate for years for nothing. He did, however, have his qualms and his soul - searching, calm as he looked.**

Or at least that might be inferred from the wry comment of Senator Russell (D., Ga.):

"If I were to venture into the realm of fancy I could imagine the chair dislikes very much the ruling he made, because he indicated by some of his gestures and by his words and by little mannerisms, which is about as far as the vice - president can go in expressing his opinion, that he would have liked very much to be rid of this particular amendment."

There were four hours of such chit - chat.

## Contagious Skin Disorder

By HERMAN N. BUNDESEN, M.D.

CERTAIN skin disorders which commonly afflict children are highly contagious. They spread rapidly from child to child until an entire group is infected unless the disease is recognized in its first victim and steps are taken to separate him from his schoolmates.

One such condition which parents should be able to identify promptly is impetigo. Its first manifestation is a rash of skin blisters. These blisters break and form crusts or scabs which may vary in color from yellow to red.

They may be more than an inch across, but they are usually smaller. The skin of the face, ears, neck and, often, the hands are affected. Sometimes the disorder develops in the scalp. As a rule, it causes no itching, burning or pain.

**Due to Germs.**

It is thought that impetigo is due to germs which are normally present, to some extent, on the skin of all persons. The germs get into the skin where the surface is broken due to a scratch or cut. Picking the face with dirty finger-nails may lead to the development of the condition.

It is often noted that impetigo may develop in a child with a discharging ear. Frequently several children in the family are affected if they use a common towel or washcloth, or play together.

In preventing impetigo, cleanliness is important. Children should be taught not to pick at the skin and every child should have his own towel, washcloth, comb and brush.

One attack of impetigo is no protection against future occurrence of the disease.

Fortunately, this condition can be promptly cleared up with proper treatment. Ointments of ammoniated mercury are frequently helpful. During the first few days of treatment, the child should be kept at home and away from other children in order to prevent the disease from spreading.

**BULLETIN BOARD**

Sonja Henie flew in secretly from Hollywood Friday evening to spend the week end with Winthrop Gardiner at Westhampton Beach, L. I. So the town's most glamorous romance is on again . . . Another sensational announcement from sunny Italy via Ingrid Bergman is scheduled for the very near future. Good bet: Her husband, Dr. Peter Lindstrom, will be the loser . . .

The gazettes might check a possible local headline in the Mickey Cohen case — the sudden departure from New York of Mrs. Edward Herbert, wife of one of the shotup Cohen henchmen. She left by plane. Also, wasn't there a shooting at Cohen's haberdashery several hours before the gangster was drilled outside of Sherry's? . . .

Yvonne DeCarlo of the Technicolor flickers is "real gawn" about Jerome Hines, the Met opera basso. She's even met his mother — and mom approves . . . The FBI is waiting to quiz the co-producer of a film made in Italy. Expects to get him in connection with a phoney Venezuelan steel export deal.

* * *

**Showgirl Mickey Devine** ex-wife of millionaire Horace Dodge, has reached an amicable settlement with her second groom. She'll leave soon for Reno and the divorce . . . Greta Garbo will be Gaylord Hauser's house guest on the Italian Riviera this Summer . . . John Lodge, who used to be married to Hedy Lamarr, is on the very of another aisle-waltz — this time with Evelyn Aufordtt, a socialite.

Playboy Morgan O'Brien had a tough time last week. First he got embroiled in fisticuffs with Grenville Walker, then borrowed a car and had an unsuccessful joust with a lamp post . . . One of the oldest names in the American automobile industry is set to merge with one of the latest entries in the field . . . Ruby Roxas and her groom (she's the daughter of the late President of the Philippines) are knitting garments for a January arrival.

* * *

Actor Jose Ferrer is battling an eye infection . . . You'd be surprised at the number of banks throughout the nation that are seriously mulling the notion of installing television sets to amuse their depositors . . . The same sharp investigators who gathered the facts that sent Gen. Benny Meyers to the calaboose are handling the "five percenters" sleuthing . . . Romanian beauty D'espina Powell and Dr. Freddie Gaevert (ex of Puk Paaris) are sniffing the Romanian equivalent of orange blossoms . . .

Singer Kay Starr's defense in Berle Adams' $100,000 breach of contract suit against her will allege that Adams holds no California license and that he had no legal right to book her . . . Scores of New York chorines and show girls are bleaching their hair in hopes of landing a job in "gentlemen Prefer Blondes."

**Al Rosen**, the local hatcheck tycoon, and Penny Camerone, one of his prettiest fedora-snatchers, have been Mr. and Mrs. since last November, their friends will be surprised to learn . . . Add sights the like of which you'll never see in the Colony: Montgomery Clift, the big heartthrob of the bobby soxers, drinking beer in P. J. Clarke's famous 3d Ave. saloon attired in a nylon T-shirt. (And he ain't the T-shirt type, Moitle. Not enough muscles)

# HOROSCOPE

**By GENEVIEVE KEMBLE**

**For Tuesday, August 2**

While the auguries are for a strange or novel opportunity for putting over exceptional or odd deals of major significance, yet it may be difficult to arrive at the proper decision. The mind seems to be pulling two ways, and with the feeling and emotions coming upper-most it could be easy to choose the wrong course.

**For the Birthday**

Those whose birthday it is, may find themselves in a curious predicament, when it may be necessary to arrive at a sagacious or shrewd conclusion, on strange or complicated situations. Take unusual time for making decisions and results may be dramatic or thrilling although out of bounds of reality. Be slow to act. Intuitions may be a determining guide.

A child born on this day may have a vivid imagination, with mentality bewildered and feelings, emotions or 'hunches" in the lead for strange or unique drives.

# Attendant Fetes Bride-Elect

Bride-elect Miss Helen Teger was honored with a miscellaneous shower Thursday evening at the home of Miss Jeanette Shafer, 20 Burnese avenue.

Games were the diversion of the evening. Prizes were awarded to Mrs. Max Morrison, Mrs. Larry Olson and Mrs. Lewis Shafer, who presented them to the honoree.

Luncheon was served to the fourteen guests with green and white appointments.

Miss Teger and Clifford Highman will exchange vows August 13 at 2 p. m. at St. John's Evangelical and Reformed church. Rev. John C. Melchert will officiate for the formal open church ceremony.

**DO YOU HATE GOING THROUGH 'CHANGE of LIFE'?**

So many women between the ages of 38 and 52 have good reason to hate 'change of life' — the time when fertility ebbs away — when embarrassing symptoms of this nature may betray your age!

If this functional period makes you suffer from hot flushes or makes you feel so weak, nervous, restless, hard to live and work with — try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Women by the thousands have reported remarkable benefits. No other medicine of this type for women has such a long record of success.

Regular use of Lydia Pinkham's Compound helps build up resistance against such middle-age distress. *The woman's friend!*

**FREE! ANOTHER IN THE SERIES OF OHIO POST CARDS!**

Your Sohio dealer now has the latest Ohio scenic post card for you! Add this beautiful, full-color photograph of the Grand Lake Lighthouse to your Ohio post card collection. Send these interesting cards to friends in other states . . . have the children collect them as an educational hobby! Each of these cards is an exceptionally fine reproduction of a color photograph taken by a leading photographer especially for this series.

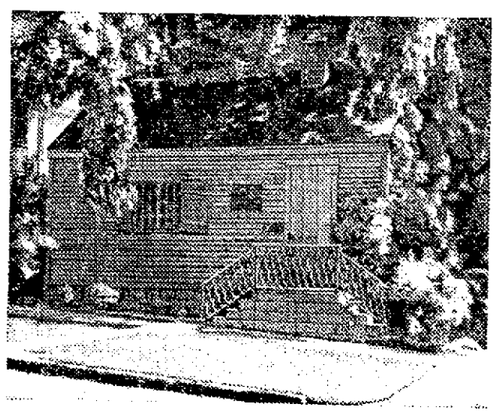
***GRAND LAKE LIGHTHOUSE...***

between Celina and St. Marys. A reproduction of the Eddystone Lighthouse at Land's End, England. It stands erect on a point projecting into Ohio's largest interior lake—Grand Lake. Fine swimming, golfing, fishing, and camping facilities. You'll find shelter houses, wells, and tennis courts for your enjoyment on the 80 acres of State Park bordering the lake.

# Let's Explore Ohio!

In Ohio, you need not journey far to find natural playgrounds, parks, scenes of historical significance and picturesque beauty without counterpart—anywhere in the world. This Buckeye state of ours offers singular beauty and enlightenment to all who seek it. Let's take advantage of its many attractions . . . its nooks of beauty, its thrilling, historical past—this summer *let's explore Ohio!*

*The* STANDARD OIL *Co.* (OHIO)



***OHIO LAND OFFICE...***

Washington Street in Marietta. Generally accepted to be the oldest building still standing in Ohio, this hand-hewn board house was the office used for the business of selling land included in the Ohio Company's purchases. Here you can inspect relics and implements which recall the vigorousness of the first residences of the Northwest territory. (8-5 daily, admission 10c; see custodian at Campus Martius.)

***CINCINNATI and TOLEDO ZOOS...***

provide fun for the entire family. Here are two of the most complete collections of animals in the United States. Light and grand opera, band concerts are held throughout the summer. Dancing, pony rides and other amusements at both zoos—with dining an added feature at the Cincinnati Zoo. For years both places have been favorite Ohio attractions.

***FINE PICNIC SPOTS...***

Picnicking is as much an American tradition as Sunday afternoon driving. Wherever you ride in the state of Ohio, you will find many ideal picnic sites —some of rare, wild beauty; some of man-tailored loveliness. Many of the most picturesque sections of the state have been set aside by the State of Ohio, and improved, for your greater enjoyment. Why not explore them this summer?

INDIAN TRAIL MARKER...
Route 23, about 5 miles north of Upper Sandusky. Truly a freak of nature. This tree continued to grow after it had been broken by Indians to serve as a guide post along the trail leading to Crane Town, the last Indian settlement in the state. Of the few such markers remaining, this is the outstanding example. Many of our highways now follow the trails laid down by the Indians long before our pioneers knew there would be an Ohio.
